# TOWN WARRANT

## The State of New Hampshire

---

To the inhabitants of the Town of Londonderry in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Central School in said Londonderry on Tuesday, the Fifth day of March, next at seven of the clock in the forenoon, to act upon the following subjects:

### ARTICLE 1

To choose all necessary Town Officers for the year ensuing.

### ARTICLE 2

To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

### ARTICLE 3

To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

### ARTICLE 4

To see if the Town will vote to authorize the Selectmen to sell at Public Auction, property acquired by the Town through Tax Collector's Deeds.

### ARTICLE 5

To see if the Town will vote to accept State Aid for the construction of Class V roads, and to raise and set aside for said purposes the sum of 1,815.49 and the State to the sum of \$12,103.25.

### ARTICLE 6

To choose Delegates to the Constitutional Convention as provided by RSA Chapter 68:A.

### ARTICLE 7

To see if the Town will vote by ballot to adopt the provisions of the Municipal Budget Law as provided by RSA Chapter 32:1. If adopted the Budget Committee shall consist of twelve (12) members at large to be elected by Town Meeting. One-third of the members at large shall hold office for a one year term, one-third of the members at large shall serve a two year term and one-third of the members at large shall serve a three year term and/or until their successors are elected and qualified. In addition to the above twelve members, there shall be one member of the School Board, chosen by the School Board and one member of the Board of Selectmen, chosen by the Board of Selectmen. No member of the School Board, Board of Selectmen or Town Manager shall serve as a member at large as provided by RSA Chapter 32:2.

### ARTICLE 8

To see if the Town will vote to accept the following Cemetery Perpetual Care Trust Funds, with interest accrued in excess of that necessary for the particular lot, to be used for General Cemetery Up-Keep.

Carroll A. Merrill	\$200.00
Herbert Nugent	200.00
George E. Ellis	200.00

### ARTICLE 9

To see if the Town will vote to name an existing road as shown on Tax Map 10 starting between Lot 33 and 35 and running in a northwesterly direction "Trolley Car Lane."

#### **ARTICLE 10**

To see if the Town will vote to change the name of the road known as Kendall Pond Road to South Road from the west end of Kendall Pond Bridge as shown on Londonderry Tax Map No. 4 between lots 10 and 95 and thence running northwesterly to the south side of Route 102 as shown on Londonderry Tax Map No. 6 between lots 49 & 52.

#### **ARTICLE 11**

To see if the Town will vote to name the street, leading from Londonderry Road to Interstate 93 as shown on Londonderry Tax Map 19, between lots 7 & 15 and running in a westerly direction to a dead end at Interstate 93, Reo Lane.

#### **ARTICLE 12**

To see if the Town will vote to discontinue that portion of Old Page Road from the east side of Clarence Jaches driveway to the East side of Mammoth Road as shown on Londonderry Tax Map 27.

#### **ARTICLE 13**

To see if the Town will vote to authorize the Town Clerk to accept names to be added to the Checklist as provided under RSA Chapter 55:9a and 55:9b.

#### **ARTICLE 14**

To see if the Town will vote to authorize the Selectmen to appoint one or more Highway Agents as provided for under Chapter RSA 245:6.

#### **ARTICLE 15**

To see if the Town will vote to approve the employment of an Engineering consultant or consultants to act on behalf of and under the direction of the Selectmen for the purpose of advising the Town regarding Intermunicipal Cooperation on Water Supply and Pollution Control Problems and Coordinating the plans of the Town relating thereto with the New Hampshire Water Supply and Pollution Control Commission.

#### **ARTICLE 16**

To see if the Town, pursuant to RSA Chapter 252, Section 19 through 22, will vote to establish a Board of Sewer Commissioners to exercise all the power in the Town which would otherwise be conferred upon the Selectmen with regard to the Construction and Maintenance of Sewers.

#### **ARTICLE 17**

To see if the Town will vote to adopt the Provisions of RSA Chapter 252, empowering the Town to Construct and Maintain Sidewalks and Sewers in accordance with the provisions of this Chapter.

#### **ARTICLE 18**

To see if the Town will vote to become a member of the Southern New Hampshire Planning Commission. The objectives of the Commission are to provide for and encourage Regional Planning Analyses: Promote a Consensus on Problems of Regional Concern: and assist with Implementation of Projects located within, and which extend beyond, the boundaries of member communities. The Commission has only such authority as conferred on it by RSA Chapter 36: Sections 45-53, of 1955, as amended, and will serve in an advisory capacity representing the interest of the local governing body. The Board of Selectmen shall appoint two representatives to the Commission from among those nominated by the Planning Board in accordance with State Law.

#### **ARTICLE 19**

To see if the Town will vote to appropriate the sum of \$1,871.10 (\$.35 per capita) as the Town's share for the operation of the Southern New Hampshire Planning Commission. These funds will be used for Financing the Staff, Operating Expenses, Planning Studies, Technical Assistance, and such other programs as may be authorized by the Commission. These funds may be used in conjunction with such other State and/or Federal Funds as may be available for Planning Purposes.

#### **ARTICLE 20**

To see if the Town will vote to raise and appropriate a sum not to exceed Thirty-One Thousand, Four Hundred Forty-Five (\$31,445) for the purpose of purchasing a new grader with the trade-in of the present grader and to authorize the Selectmen to negotiate a loan to be established for a period of five (5) years for said purpose.

#### **ARTICLE 21**

To see if the Town will vote to raise and appropriate the sum of Seven Hundred Twelve Thousand, Six Hundred Dollars (\$712,600) for the purpose of constructing a multi-purpose Town Office Building and to authorize the Selectmen to negotiate a twenty year note in the sum of \$712,600 minus all available Federal Revenue Sharing Funds appropriated to the Town of Londonderry as established under the provisions of the State and Local Assistance Act of 1972 or take any other action hereon.

#### **ARTICLE 22**

To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand (\$15,000) for the purpose of printing a Londonderry Town History. This Article is recommended by the Londonderry Historical Society.

#### **ARTICLE 23**

To see if the Town will vote to raise and appropriate a sum not to exceed \$48,000 — (\$24,000 for the ensuing year and \$24,000 in the year 1975) to employ the services of a Professional Appraisal Firm to revalue all of the Taxable Property in the Town of Londonderry.

#### **ARTICLE 24**

To see if the Town will vote to raise and appropriate the sum of \$4,750 for the purpose of having a Comprehensive Park and Recreation Plan done of the Town. This plan to serve as a guide to the Orderly Acquisition and Development of Park and Recreation Areas and Facilities over a period of years, as required.

#### **ARTICLE 25**

To see if the Town will vote to raise and appropriate the sum necessary to construct four (4) tennis courts and to authorize the Selectmen to negotiate the terms and conditions of the notes or bonds to be issued. The construction of the above to be subject to available matching Federal Funds, which would reduce the total project price of \$86,500.00 by one half.

#### **ARTICLE 26**

To see if the Town will vote to raise and appropriate the sum necessary to construct two (2) softball fields, one (1) regular football field and one (1) practice football field and to authorize the Selectmen to negotiate the terms and conditions of the notes or bonds to be issued the construction of the above to be subject to available matching Federal Funds, which would reduce the total project price of \$105,000.00 by one half.

#### **ARTICLE 27**

To see if the Town of Londonderry will vote to amend the Zoning Ordinance Article No. 32 as adopted at Town Meeting, March 6, 1973 to read:

Section III B-3b-2a.

All Cluster sub-division will have a minimum lot size for each single family residence of one (1) acre with no more than 20% of the land area as jointly owned open space and a minimum width of 100 feet measured parallel with the road at the building set back line. The common water supply, with its protected area, shall be in accordance with 'NHWSPCC' standards, within the commonly owned open space.

#### **ARTICLE 28**

To see if the Town of Londonderry will vote to amend the Zoning Ordinance Chapter I, Section III B-4c to read:

Multi-family developments shall have a minimum of 400 feet of frontage.

For each dwelling unit over 100 — an additional four (4) feet of frontage shall be required. All multi-family developments are restricted to the following roads; Route 128 (Mammoth Road), Route 102 (Nashua Road), Old Nashua Road (South of Route 102 and west of Route 128), Route 28 and Grenier Field Road, with a depth limitation perpendicular to the frontage of 1,500 (one thousand five hundred) feet.

#### **ARTICLE 29**

To see if the Town of Londonderry will vote to amend the Zoning Ordinance Chapter I, Section III B-4-b to read:

Multi-family residences shall be restricted to a multi-family development, prepared by a professional land use planner approved by the Planning Board, where the subdivision and building site location have been approved by the Planning Board. The building plans shall be approved by the Building Inspector.

#### **ARTICLE 30**

To see if the Town of Londonderry will vote to amend the Zoning Ordinance Chapter I Section III B-4-b by adding:

1. The plans shall provide by building location and/or appropriate planting, a buffer zone intended to minimize the impact on adjacent residential areas.

#### **ARTICLE 31**

To see if the Town of Londonderry will vote to amend the Zoning Ordinance Chapter II, Section III B by adding:

3. Prior to granting of a building permit, the Building Inspector shall approve the location and profile of all driveways to preclude unnecessary traffic hazards or future road maintenance problems.

#### **ARTICLE 32**

To see if the Town of Londonderry will vote to amend the Zoning Ordinance by deleting Chapter I, Section X and inserting the following:

### **Section X**

#### **Removal of Sand, Gravel, Rock, Soil and Other Earth Material**

Topsoil, rock, sand, gravel and similar earth materials may be excavated for commercial purposes from zones where permitted under the terms of this ordinance only after a special permit has been issued by the Board of Selectmen. Said special permit shall be renewed annually on December 31.

Said permit may only be issued provided that:

A. A plan is submitted by the applicant and approved by the Planning Board showing the existing grades in the area from which material is to be removed and finish grades at the conclusion of the operation.

B. The applicant submits a date of completion of all work.

C. At the date of completion the finished grades, as specified in the plan and approved by the Planning Board, are covered with not less than four (4) inches of topsoil and seeded with a suitable cover crop except when ledge rock is exposed.

D. A bond or money in escrow is posted with the Town Clerk by the applicant in an amount approved by the Planning Board as sufficient to guarantee conformance with the provisions of this ordinance.

E. There is at least 75 feet between any digging or quarrying, and the property lines.

F. That appropriate landscaping and fencing is provided to ensure public safety and screen the site of digging from any dwelling within 250 feet.

The Planning Board may modify any or all of the requirements listed in C through F above, if the proposed digging or quarrying, in the opinion of the Board will have no adverse effect on the health, safety or welfare of the community or the neighborhood and will have no measurable effect on property values in the neighborhood. The Board of Selectmen with the approval of the Planning Board may grant an extension of the date of completion in part B above if the applicant submits a request for an extension of time with a written explanation for failing to meet the original completion date. In the event of any violation of the conditions of the permit, the Board of Selectmen may revoke such permit.

#### **ARTICLE 33**

To see if the Town of Londonderry will vote to amend the Zoning Ordinance Chapter I, Section III B-5 to read:

With a town water supply and a town sewerage system, conversion of existing residences or construction of new multi-family residences shall comply with the following:

- a. Minimum lot size per building — 15,000 square feet for the first dwelling unit. Plus 2,000 square feet for each additional dwelling unit.
- b. A multi-family development shall include a minimum of 5 acres.
- c. Minimum lot frontage shall be 100 feet.
- d. A building shall contain no more than 8 dwelling units.
- e. Two family dwellings are exempt from Para. 5 (a thru c), provided the lot includes 25,000 square feet minimum and the building will be owner occupied.
- f. Except as revised by Para. 5 (a thru e) all requirements of Para. 4 are applicable.

#### **ARTICLE 34**

To see if the Town of Londonderry will vote to amend the Zoning Ordinance by extending the Industrial Zone within Tax Map No. 14 to the common boundary of Tax Maps No. 11 & 14 except that such Industrial Zone shall not extend beyond a line parallel to, and (300) three hundred feet from, the centerline of Litchfield Road and Hall Road. The extended Industrial Zone is bounded by the Manchester City line on the West and by the railroad, Cohas Brook and Hall Road on the East.

#### **ARTICLE 35**

To see if the Town of Londonderry will vote to amend the Zoning Ordinance by including in the Industrial Zone the following parcels on Tax Map No. 16: 64-1, 60,80, & 81. Also Parcel 1 formerly of the B & M Railroad.

#### **ARTICLE 36**

To see if the Town of Londonderry will vote to amend the Zoning Ordinance by including in the Commercial District the following parcels on Tax Map No. 16: 4, 5, 6, 7, 8, 65, 66, 67, 68, 69, 70, 71 & 73. Also on Tax Map No. 15 parcels: 52, 55, 56 & 57. Also Parcel 41 on Tax Map No. 6.

#### **ARTICLE 37**

To see if the Town of Londonderry will vote to amend the Zoning Ordinance by adding to Chapter I, Section XIX-2 the following:

J. Quantity of signs shall be in accordance with the following —

1. Accessory building signs shall be limited to (1) one for each business establishment which has a separate public entrance.

2. Accessory ground signs shall be limited to (1) one per lot.

3. In addition to the principal signs defined by Para. J-1, a business establishment may add (1) one secondary building sign for each additional separate public entrance. Secondary signs shall not exceed (50) fifty percent of the area of principal signs and shall be situated in close proximity to the entrance.

4. In addition to the principal signs defined by Para. J-1, a building with (2) two or more business establishments having a common public entrance may add 1 directory building sign. Directory signs shall not exceed an area based on (1) one square foot for each establishment in the building.

K. Directional Signs — Directional signs indicating the location of business operations within the Town of Londonderry may be permitted by the Board of Adjustment for a period of (3) three years at which time application and approval of a new exception is required. Directional signs granted as an exception shall not exceed (8) eight square feet.

#### **ARTICLE 38**

To see if the Town of Londonderry will vote to amend the Zoning Ordinance Chapter I, Section XIX-3 to read:

C. Directional signs granted as an exception shall not exceed (8) eight square feet.

D. In granting such permission, all requirements for accessory signs are applicable and the Board of Adjustment shall impose such other terms and restrictions as it may deem to be in the public interest.

#### **ARTICLE 39**

To see if the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition.

To see if the Town will amend the zoning ordinance by changing an 18.9 parcel of land located on the northerly side of Route 102, at the intersection of said Route 102 Buttrick Road, from Residential-Agricultural under Section III to Commercial under Section VII.

#### **ARTICLE 40**

To see if the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition.

To see if the Town will vote to zone those premises owned by First Lumber and Supply corporation in the north end of the Town as an Industrial District, said premises being shown on the Town of Londonderry Tax Map No. 26 as Parcels 14 and 15.

To see if the Town will vote to zone those premises owned by First Lumber and Supply Corporation in the north end of the Town as a Commercial District, said premises being shown on the Town of Londonderry Tax Map No. 26 as Parcel 8.

#### **ARTICLE 41**

To see if the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition.

To amend Chapter I, Section III B-4-c by adding: "with the exception that no multi-family developments (condominiums and/or apartments) shall be permitted in Tax Map District Zone One."

#### **ARTICLE 42**

To see if the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition.

To change the present zoning classification of the following described property by zoning it as part of the commercial district: Beginning at the intersection of Londonderry Road and Route 102; thence in a Northwesterly direction by Londonderry Road five hundred (500) feet; thence in a North-easterly direction on a line parallel to and five hundred (500) feet North-erly of Route 102 to Dickey Street; thence in a Southeasterly direction by Dickey Street to the Derry Town Line; thence in a Southerly direction by the Derry Town Line to Route 102; thence in a Southwesterly direction by Route 102 to Londonderry Road.

#### **ARTICLE 43**

To see if the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition.

To add the following described property to the industrial district:

Land and buildings of Lena and Antonio Jolicoeur on both sides of Harvey Road and off Hall and Litchfield Roads, as shown on Map 14 of the Town's tax map, comprising 361 acres, more or less, or more particularly described in the deed or deeds by which Lena and Antonio Jolicoeur acquired said property, as recorded in the Rockingham County Registry of Deeds, together with such additional property lying in or adjacent to Runway 35 of the Manchester Municipal Airport as the Board, in the exercise of its judgment, deems advisable, with the exception of a buffer zone not exceeding 300' extending from Hall and Litchfield Road.

#### **ARTICLE 44**

To see if the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition.

To see if the Town will zone those premises owned by Verani Associates, Inc. in the north end of the Town from Agricultural Residential to Commercial, said premises being shown on Tax map 15 Parcel 26 of the Town of Londonderry.

#### **ARTICLE 45**

To see if the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition.

We, Roger Faucher and Alice Faucher of Londonderry in the County of Rockingham and State of New Hampshire for ourselves, our heirs, assigns and successors in title do agree and covenant that, so long as the certain parcel of land owned by us and known as Lot Number 57 on Page 11 of the Town of Londonderry, New Hampshire and an area thereon with 565 feet frontage and 2,100 feet in depth is duly zoned by the Town to permit mobile homes at the density of 2½ homes per acre, voluntarily restrict the occupancy of the proposed mobile home park or parks on said property to persons of the age of eighteen years and more, exclusive. And further agree to set up all of our leases and other agreements for the use of the said premises according to the spirit of this restrictive covenant, and agree to do all things necessary for the enforcement of the same. This covenant shall run with the land and shall insure to the benefit of the Town of Londonderry, New Hampshire and its residents and shall be enforceable by a Petition in Equity in the Superior Court.

#### **ARTICLE 46**

To see if the Town will vote to adopt the following amendments to the Zoning Ordinance, as submitted to the Planning Board by petition.

To zone the following property known as the "Race Track" Commercial and Industrial: Reference by Tax Map 14, Parcel 9.

#### **ARTICLE 47**

To see if the Town will vote to adopt the following amendment to the Zoning Ordinance, as submitted to the Planning Board by petition.

To include in the Industrial District of the Town of Londonderry a parcel of land containing approximately 37 acres between Gilcreast Road and Interstate 93 and being Parcel No. 103 on Londonderry Tax Map No. 7.

#### **ARTICLE 48**

To see if the Town will vote to authorize the Moderator to appoint a committee of five (5) members to study the feasibility of a mosquito control program for the Town of Londonderry.

**ARTICLE 49**

To transact any other business that may legally come before this meeting.

Given under our hands and seal, this eighteenth day of February, in the year of our Lord, nineteen hundred and seventy-four.

NORMAN RUSSELL, Chairman  
ROBERT H. DAY  
FOREST N. KIMBALL  
Board of Selectmen, Londonderry, N. H.

We hereby certify that we gave notice to the inhabitants within named, to meet at the time and place and for the purpose within mentioned, by posting up an attested copy of the within named, and a like attested copy at Central School being a public place in said Town, on the eighteenth day of February, 1974.

NORMAN RUSSELL, Chairman  
ROBERT H. DAY  
FOREST N. KIMBALL  
Board of Selectmen, Londonderry, N. H.

Trustee of Trust Funds — Two years	
Mary P. Reed	689
Leach Library Trustees — Three years	
Vote for three	
Paula H. Babin	422
Alexander Dolman	420
Gladys E. Holm	376
Marilyn T. Rodham	351
Barbara E. Winter	511
Budget Committee — Three years	
Vote for four	
Gordon R. Arnold	482
Robert A. Early	525
Charles S. Fowler	602
Leo Masse	433
Jack E. Shuler	506
Chester Ham (write-in)	80
Thomas Boyden (write-in)	16
Budget Committee — One year	
Vote for one	
Andrew C. Mack	751
Chester Ham (write-in)	8

Article 7. Are you in favor of authorizing the Selectmen to appoint a Highway Agent?

Voted by Ballot. Yes—364 No—456

Article 39. Shall the provisions of Chapter 287 of the RSA relative to playing games of beano be adopted in this town?

Voted by ballot. Yes—422 No—361

Article 21. Are you in favor of the adoption of Amendment No. 21 as proposed by the Planning Board for the town zoning ordinance as follows? This change will permit the creation of increased open space in residential developments by establishing density requirements.

Voted by ballot.

Yes—523 No—292

Article 22. Are you in favor of the adoption of Amendment No. 22 as proposed by the Planning Board for the town zoning ordinance as follows? This change will establish a depth limitation perpendicular to the frontage of 1,500 feet for all future multi-family developments?

Voted by ballot.

Yes—587 No—236

Article 23. Are you in favor of the adoption of Amendment No. 23 as proposed by the Planning Board for the town zoning ordinance as follows? This change will increase the amount of land required for recreational use in multi-family developments to 3,000 sq. ft., 5,000 sq. ft. and 7,000 sq. ft. of additional land for one, two, and three bedroom units respectively.

Voted by ballot.

Yes—608 No—216

Article 24 Are you in favor of the adoption of Amendment No. 24 as proposed by the Planning Board for the town zoning ordinance as follows? This change will increase the size of our industrial district by adding the land on the east side of Grenier Field Road by extending it south to Webster Lane.

Voted by ballot.

Yes—674 No—151

Article 25. Are you in favor of the adoption of Amendment No. 25 as proposed by the Planning Board for the town zoning ordinance as follows? This change will empower the Planning Board to review, and approve or disapprove site plans for the development of tracts for non-residential uses (R.S.A. 36:19-a).

Voted by ballot.

Yes—460 No—335

Article 26. Are you in favor of the adoption of Amendment No. 26 as proposed by the Planning Board for the town zoning ordinance as follows? This change will eliminate Section XIII-B4 and 5 from the Zoning Ordinance that allows the Board of Adjustment to permit industrial or commercial uses other than industrial or commercial zones (residential zones).

Voted by ballot.

Yes—410 No—385

Article 27. Are you in favor of the adoption of Amendment No. 27 as proposed by the Planning Board for the town zoning ordinance as follows? This change will delete our present sign ordinance and establish a new sign ordinance that will control the size, height, and number of signs to a greater degree.

Voted by ballot.

Yes—557 No—268

Article 28. Are you in favor of the adoption of Amendment No. 28 as proposed by petition of the voters for this town? To change Lot #40 on Tax Map #7 from Residential to a Commercial District (formerly land of Charles and Marion Anderson).

The Planning Board Approves this amendment.

Voted by ballot.

Yes—529 No—294

Article 29. Are you in favor of the adoption of Amendment No. 29 as proposed by petition of the voters for this town? To change Lot #72 on Tax Map #6 from Residential to a Commercial District. (Plummer's Tavern).

The Planning Board Approves this amendment.

Voted by ballot.

Yes—536 No—276

Article 30. Are you in favor of the adoption of Amendment No. 30 as proposed by petition of the voters for this town? To change Lot #24 and Lot #25 on Tax Map #28 and Lot #11 on Tax Map #14 from Residential to an Industrial-Commercial District. (This land is just south of Grenier Field bordering on Grenier Field Road, Harvey Road and Webster Lane known as the Beckley property).

The Planning Board approves this amendment.

Voted by ballot.

Yes—651 No—164

Article 31. Are you in favor of the adoption of Amendment No. 31 as proposed by petition of the voters for this town? This change would allow for creation of Mobile Home Parks at the discretion of the Board of Adjustment.

The Planning Board disapproves of this amendment.

Voted by ballot.

Yes—196 No—644

Article 32. Are you in favor of the adoption of Amendment No. 32 as proposed by petition of the voters for this town? That all cluster subdivisions will have a minimum lot size for each single family residence of (1) one acre and a minimum frontage of (150) one hundred and fifty feet.

The Planning Board disapproves of this admendment.

Voted by ballot.

Yes—431 No—380

Article 33. Are you in favor of the adoption of Amendment No. 33 as proposed by petition of the voters for this town? That for each (1) one unit multi-family residence containing more than (1) one bedroom or rooms normally used as bedrooms that (5) five units of single bedroom residence be constructed within the same development or sub-division.

The Planning Board disapproves of this amendment.

Voted by ballot.

Yes—245 No—549

Article 34. Are you in favor of the adoption of Amendment No. 34 as proposed by petition of the voters for this town? That all multi-family residences constructed in a cluster development conform to the lot size requirements of the existing regulations.

The Planning Board disapproves of this amendment.

Voted by ballot.

Yes—341 No—453

Article 35. Are you in favor of the adoption of Amendment No. 35 as proposed by petition of the voters for this town? This change would increase lot size requirements in multi-family developments to (1) one acre of land for each family unit, and an additional (50) fifty feet of frontage for each family unit.

The Planning Board disapproves of this amendment.

Voted by ballot.

Yes—378 No—416

Article 36. Are you in favor of the adoption of Amendment No. 36 as proposed by petition of the voters for this town? That all cluster sub-divisions have common water systems and common sewage disposal systems compatible with future town systems in accordance with current building codes.

The Planning Board disapproves of this amendment.

Voted by ballot.

Yes—336 No—454

Article 37. Are you in favor of the adoption of Amendment No. 37 as proposed by petition of the voters for this town? This change would require (2) two acres of land for each house lot and (175) one hundred seventy-five feet of frontage, also the re-subdivision of lots not two acres in size.

The Planning Board disapproves of this amendment.

Voted by ballot.

Yes—295 No—529

Article 38. Are you in favor of the adoption of Amendment No. 38 as proposed by petition of voters for this town? This change would delete the present Sign Ordinance and substitute a new Sign Ordinance that would be more stringent for each zoning district in town.

The Planning Board disapproves of this amendment.

Voted by ballot.

Yes—290 No—504

The action of the voters on Art. 21-38 is declared to be as follows:

Article 21-30,   Vote affirmative — passed

Article 31       Vote negative — not passed

Article 32       declaration is pending — awaiting validation of protest petition which requires a  $\frac{2}{3}$  vote for passage of article.

Article 33-38   Vote negative — not passed.

ANDREW C. MACK

Moderator

Town of Londonderry, N. H.

# **LONDONDERRY ANNUAL TOWN MEETING MINUTES ON ARTICLES ACTED UPON**

**March 9, 1973**

Londonderry Central School Auditorium, Londonderry,  
New Hampshire.

ANDREW C. MACK, Moderator  
JAMES L. WRAY, Assistant Moderator  
FOREST N. KIMBALL, Selectman  
NORMAN RUSSELL, Selectman  
ROBERT H. DAY, Selectman  
MRS. ALICE M. TAYLOR, Town Clerk  
RONALD J. HAYWARD, Stenotype Reporter

## **PROCEEDINGS**

Mr. Mack opened the meeting at 7:20 P. M.

Invocation given by Mr. Shepard.

Article 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. Mr. Day: I move that the town budget in the amount of \$2,461,026.01 be accepted. Seconded by Mr. Vangrevenhof. Discussion followed.

Mr. Russell moved to amend the item for Appraisals and Maps to read \$6,500. Seconded by Mr. Day. Discussion followed. Voted affirmative.

Mr. Shepard moved to amend the Fire Department Budget to the figure of \$70,486.50. Seconded by Mr. David Hicks. Discussion followed.

Mr. Shepard moved to amend the Fire Department Budget to read that \$1,500 be appropriated so that the town can put in a water hole for the fire department on town property in the location of these town buildings. This would bring the total fire department budget to the sum of \$71,986.50. Seconded by Mr. Strino. Discussion followed. Voted affirmative.

Mr. Fowler moved to amend the Recreation Commission Budget to the figure of \$6,127. Seconded by Mr. Nelsson. Discussion followed. Voted affirmative.

Dr. Shuler questioned the Board of Selectmen's viewpoint in the future for mosquito control. Discussion followed.

Mr. Strino reminded the Moderator that we have a long evening ahead of us and that he should move along. That you have to be brief on some of the fixed items.

Mr. Herrin moved to amend the summer maintenance figure under Highways and Bridges to the figure of \$50,-750. The additional \$10,000 to be allocated for the maintenance of Alexander Road in 1973. Seconded by Mr. Vautier. Mr. Day stated that he thought this should come under new construction. Discussion followed. Motion defeated.

Mr. George Hicks moved that the rest of the budget, unless there is some question on a particular item, be taken as a whole. Seconded by Mrs. Nesmith. Voted affirmative.

Mr. Merrill moved to have the approximately \$1,400 be carried along to use for future Old Home Days of this type. Mr. Wray (Acting Moderator) suggested that this be brought up under Article 40 of the budget.

Mr. Dutton moved to amend the Cemetery budget to the figure of \$2,000. Seconded by Mr. Kimball. Discussion followed. Voted affirmative.

Mr. Kimball moved to amend the original amount of the Town Budget of \$2,461,026.01 to the new figure of \$2,467,551.05. Seconded by Mr. Day.

Mr. Arnold moved that \$110,000 worth of Revenue Sharing show up in the sources of revenue making the revenue figure \$501,791. Seconded by Mrs. Boucher. Discussion followed. Voted affirmative.

Mr. Wray (Acting Moderator) then took up the original motion by Mr. Kimball to accept the Town Budget in the

amount of \$2,467,551.05, and previously seconded by Mr. Day. Voted affirmative.

Article 3. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

Mr. Strino moved to accept Article 3. Seconded by Mr. Ham. Voted Affirmative.

Article 4. To see if the Town will vote to authorize the Selectmen to sell at Public Auction, property acquired by the Town through Tax Collector's Deeds.

Mr. Arnold moved to accept. Seconded by Mr. Vautier. Voted affirmative. Mr. George Hicks suggested that any land should not be put up for auction until the land is reviewed by the planning board or conservation commission.

Article 5. To see if the Town will vote to accept State Aid for the Construction of Class V roads, and to raise and set aside for said purposes the sum of \$1,821,76 and the State to contribute the sum of \$12,145.08. (This article was previously acted upon in the town budget under Highways and Bridges.)

Article 6. To see if the Town will vote to accept the following Trust Funds: Edward W. Currier — \$200; Leon Currier — \$200; William Boles, Jr. — \$200.

Mr. Dutton moved to amend Article 6 so that funds beyond that which are needed for the particular purpose of this amount that have been left in the trust, be for the general upkeep of the cemetery. Seconded by Mr. George Hicks. Voted affirmative.

Mr. Merrill moved for the cemetery trustees to go to the Probate Court to see if they could get the present trust funds released so that they can be used for the general upkeep of the cemetery. Mr. Wray (Acting Moderator) suggested that this should come up under the last part of the Warrant, but if the people wanted to, he would take it now. He stated this is something that can

be brought up because it is not raising money. Mr. Wray then took a vote on the main motion as amended. Voted affirmative.

Article 8. To see if the Town will vote to authorize the Selectmen to negotiate for and purchase forty-nine (49) acres of land identified as lot #56 and 58 on the tax map #9 of the Town of Londonderry, for public outdoor recreation purposes. Such acquisition to be contingent upon Federal Funds. Total purchase price of \$24,500 to be reduced by one half of the value of the land as determined by an appraisal done to Federal specifications. Mr. Vautier moved to adopt the article; seconded by Mr. Ham.

Mr. Fowler moved to amend the figure of \$24,500 to the figure of \$22,250. Seconded by Mr. Vautier. Discussion followed. Voted affirmative.

Mr. Strino moved to accept this article regardless of Federal Funds being available. Seconded by Mrs. Hume.

Mr. George Hicks moved that if Federal Funds are not available under the recreational commission or wherever this is coming from, then it be taken from the Revenue Sharing. Mr. Wray then asked Mr. Strino and Mrs. Hume if they would include that in their motion and second. Both agreed. Discussion followed. Voted affirmative.

Mr. Wray then took up Article 8 as amended: To see if the Town will vote to authorize the Selectmen to negotiate for and purchase forty-nine (49) acres of land identified as lot #56 and 58 on the tax map #9 of the Town of Londonderry, for public outdoor recreation purposes. Total purchase price of \$22,250 to be reduced by one half of the value of the land as determined by an appraisal done to Federal specifications. If other Federal Funds are not available, to see if the town will vote to appropriate from the Revenue Sharing Trust Fund \$22,250 for the purchase of land that was previously described, meaning lot #56 and 58. Voted affirmative.

Article 9. To see if the Town will accept State Aid in the sum of \$29,500 and raise and set aside the sum of \$29,500 to be used for the construction of the Hall Road Bridge.

Mr. Vangrevenhof moved to accept article. Seconded by Mr. Russell. Discussion followed. Mr. Mack was in doubt on the voice vote and took a hand vote. Voted affirmative (72 yes, 69 no).

Mr. Lievens suggested now that the motion has passed that he would ask for reconsideration and have Revenue Sharing Funds used to fund this project. Seconded by Robert Lievens. Discussion followed.

Mr. Russell suggested that the amendment should read to see if the town will accept State Aid in the sum of \$29,500 and raise and set aside the sum of \$29,500 to be appropriated from the Revenue Sharing Trust Fund, if available, and to be used for the construction of the Hall Road Bridge. Seconded by Mr. W. Lievens. Discussion followed. Voted affirmative.

Article 10. To see if the Town will accept State Aid in the sum of \$4,500 and raise and set aside the sum of \$4,500 to be used for the construction of a temporary bridge while the permanent bridge is being built.

Mr. Strino moved to table this article. Seconded by Mr. Debrackleer. Discussion followed. Voted affirmative.

Article 11. To see if the Town will vote to appropriate the sum of \$20,000 for the purpose of hiring an architect to design a multi-purpose Town Hall and also to authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

Mr. Kimball moved to accept the article; seconded by Mr. Day. Discussion followed.

Mr. Kimball moved to amend the figure of \$20,000 to \$5,000. Seconded by Mr. W. Lievens. Discussion followed. Voted affirmative.

Mr. Arnold moved to amend Article 11 to read to see if the Town will direct the Moderator to appoint a study committee of five members, three of which shall be from the building trade or related industry and two interested citizens, to study the necessity and cost of building a Town Hall. This committee to report to the town at the 1974 Town Meeting. No town funds to be expended until their reports made. Seconded by Mr. Pearson. Discussion followed.

Mr. Arnold and Mr. Pearson agreed to delete the last sentence of Mr. Arnold's amendment, "No town funds to be expended until their report is made." Discussion followed.

The article as amended read: "To see if the Town will vote to appropriate the sum of \$5,000 for the purpose of hiring an architect to design a multipurpose Town Hall and also to authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. To further see if the Town will direct the Moderator to appoint a study committee of five members, three of which shall be from the building trade or related industry, and two interested citizens, to study the necessity and cost of building a Town Hall. This committee to report to the Town at the 1974 Town Meeting." Voted affirmative.

Article 12. To see if the Town will vote to authorize the Selectmen to negotiate and execute an agreement with the City of Manchester under which Manchester will receive and treat sewage from the Town of Londonderry at such time as Manchester completes construction of facilities therefore, and to raise and appropriate a sum not to exceed \$3,000 to be used for legal, engineering, and accounting services in connection with such negotiations.

Mr. Ham moved to accept the article; seconded by Mr. Merrill. Discussion followed. Voted affirmative.

Article 13. To see if the Town will vote to appropriate a sum not to exceed \$58,000 for land acquisition, final engineering design, and preparation of construction plans and specifications for sewerage in North Londonderry, including necessary surveys, and borings, and to determine whether any such appropriation will be raised by borrowing according to the Municipal Finance Act, and in the event, that said money is to be raised by borrowing, to authorize the Selectmen to negotiate the terms and conditions of the notes or bonds to be issued and to do any other act necessary to carry out the intent of this article.

Mr. Merrill moved to accept; seconded by Mr. Webster.

Mr. Webster then moved to amend article 13 to have the funds for this project come from Revenue Sharing, if available. Discussion followed.

Mr. Webster withdrew his amendment. Voted affirmative. One hundred and eighty yes, fourteen no.

Article 14. To see if the Town will vote to appropriate a sum not to exceed \$23,000 for land acquisition, final engineering design, and preparation of construction plans and specifications for sewerage of the Grenier Industrial Village area in North Londonderry, including necessary surveys and borings, and to determine whether any such appropriations will be raised by borrowing according to the Municipal Finance Act, and in the event that said money is to be raised by borrowing, to authorize the Selectmen to negotiate the terms and conditions of the notes or bonds to be issued and to do any other act necessary to carry out the intent of this article.

Mr. Russell moved to table Article 14. Seconded by Mr. Day. Discussion followed. Voted affirmative.

Article 15. To see if the Town will vote to reclassify Otterson Road from a Class 6 Highway to a Class 5 Highway from its junction with Hardy Road westerly to the west side of King Henry Drive as shown on the Londonderry Tax Map. 9.

Mr. Kimball moved to accept the article; seconded by Mr. Day. Discussion followed. Voted affirmative.

Article 16. To see if the Town will raise and appropriate a sum of money not exceeding Sixteen Hundred (\$1,600) Dollars for the purpose of widening, graveling, making other necessary repairs and plowing snow on the highway known on Kelley Road, from the property now or formerly known as the Old Kelley Farm, to the property of Beverly W. Barry and Paul Beal, and pass any vote relating thereto. (By petition of William J. Barry and Paul S. Beal.)

Mr. Vautier moved to accept the article; seconded by Mrs. Barry. Discussion followed. Voted affirmative.

Article 17. To see if the Town will vote to reclassify the Highway known as Kelley Road from a Class 6 Highway to a Class 5 Highway from a point 20 rods south of the dwelling now or formerly of William F. Kelley, then southerly to the property line now or formerly of William or Beverly Barry (Lot 33) and Paul Beal (Lot 34) as shown on the Londonderry Tax Map #12.

Mr. Russell moved to accept the article; seconded by Mr. Kimball. Discussion followed. Voted affirmative.

Article 18. To see if the Town will vote to become a member of the Southern New Hampshire Planning Commission. The Commission has a membership of five (5) of the municipalities in the Metropolitan area. The objective of the Commission is to plan for the encouragement of regional planning analysis, provide consensus on major problems of regional concern, and to assist in the effectuation of projects which extend beyond the boundaries of a particular town. The agency will have no jurisdiction over any matter of local affairs. It will be purely advisory. Two members of the regional planning agency shall be from Londonderry to be appointed by the Selectmen. A YES vote is in favor of joining the regional planning agency.

Mr. Arnold moved to table Article 18. Seconded by Mr. Vautier. Voted affirmative.

Article 19. To see if the Town will vote to appropriate the sum of \$.35 per capita (a total of \$1,871.10) as dues to become a member of the Southern New Hampshire Planning Commission for the year ending June 30, 1974.

Mr. Russell moved that Article 19 be tabled. Seconded by Mr. Babin. Voted affirmative.

Article 20. To see if the Town will vote to authorize the Londonderry Conservation Commission to operate a Forest Management Program on Town owned property located Mountain Home Road, Londonderry Tax Map 9, Parcels 10 and 11.

Mr. Vangrevenhof moved to accept article; seconded by Mr. Webster. Voted Affirmative

Article 40. To transact any other business that may legally come before this meeting.

Mr. Mack: The first thing I want to do is to thank Andrew Soucy and his helpers. Mr. Soucy, as I mentioned, is our music instructor. This is his equipment and he has agreed to let us use it and he has manned it for a small donation to be made to the music department and we are grateful and thank you very much; and also you boys who have helped.

Mr. Watts moved to take up Article 10 from the table. Seconded by Mr. Towle. Motion defeated.

Mr. Merrill informed the people that the 250th Celebration Committee had a surplus of approximately \$1,400 left over and he moved that it be designated for the use of future Old Home Days. Seconded by Mr. Fowler.

Mr. Fowler moved to amend to set aside \$1,000 of the \$1,400 for a bandstand. Seconded by Mr. Nelsson.

Mr. George Hicks moved that this money be reverted to the general fund but be held in liability for the Old

Home Day Fund so they can make use of it, but that it be held in the general funds of the town. Discussion followed.

Mr. Kimball stated that considering the confusion of who has the money and how much they are going to spend, he would like to make a motion to leave the money where it is until the next Town Meeting. Seconded by Mr. Day. Voted affirmative.

Mr. Saulnier moved to adjourn. Seconded by Mr. Webster. Voted affirmative.

(Whereupon, the meeting was adjourned at 12:45 A. M.)

**MINUTES  
LONDONDERRY SPECIAL TOWN MEETING**

**June 20, 1973**

Special Town Meeting, Town of Londonderry, County of Rockingham, State of New Hampshire, Wednesday, June 20, 1973, at the Londonderry Central School, Moderator — Andrew C. Mack.

The Meeting was called to order at 7:00 A. M. and the warrant was read. Mr. Day moved that the action on Article #1 and Article #2 be by ballot with the use of the checklists and the polls for such balloting should open immediately and remain open until 6:00 P. M. Second by Mr. Daigneault. Affirmative vote.

The Ballot box was shown to be empty and the polls were declared open. Polls closed at 6:10 P. M. Sealed ballots received at 6:45 P. M. — June 20, 1973.

Article #1. To see if the Town will vote to amend the Londonderry Zoning Ordinance by deleting the following:

That all Cluster Subdivisions will have a minimum lot size for each single family residence of (1) one acre and a minimum frontage of (150) one hundred and fifty feet.

Yes—88    No—286

Article #2. To see if the Town will vote to allow the 250th Celebration Committee to construct and erect a Bandstand on the Town Common, so called, bounded by Mammoth Road and Pillsbury Road at a location approved by the Board of Selectmen.

Yes—233    No—137

Respectfully submitted,

ALICE M. TAYLOR, Town Clerk  
Londonderry, N. H.

## TOWN CLERK'S REPORT

---

This year there were 7,352 motor vehicle registrations compiled by the town clerk's office. This figure represents nearly one vehicle for each man, woman and child in the Town of Londonderry and continues to be a barometer reflecting the continued growth of the town. Listed below are a few of the growth figures and increases that may be of interest. The larger increase in the amount of money received from the permit is due mostly to the increased cost of the vehicles. The motor vehicle fees collected by the town are based on a sliding fee based on the year and the cost of the vehicle. The initial fee for a new car is 17 mills per dollar of the "list" price. This figure scales down to a base of 3 mills per dollar for all vehicles 5 years old and older.

This is the year that "stickers" replace our annual change of license plates, except for those with so-called Vanity Plates. These stickers which are issued by the New Hampshire Motor Vehicle Department must be attached to the upper left corner of your 1973 license plate in order to validate it for 1974. Vanity plate owners will be given complete sets of new plates.

A comparison check of the vital statistics for 1972 and 1973 shows a slight drop in the number of births. Londonderryites are not even close to the "zero" birth rate as births were still 88% higher than deaths. Marriages also increased 29% over 1972 while deaths were up 8%.

Remember that town office hours are Monday through Friday from 9:00 A. M. to 4:30 P. M. and Tuesday nights from 7:00 to 9:00 P. M.

# Town Clerk's Comparison Figures

	1973	1972	1 yr. increase	1968	1968-73 increase

## ROAD AGENT REPORT

---

In 1973 we measured our streets to see how many miles we had increased since we last measured approximately six years ago. At the present time, we are maintaining 77 miles of tar roads and 24 miles of dirt roads. This compares with 1967 figures of 41 miles of tar roads and 26 miles of dirt.

This year 25 new culverts have been installed. The usual resurfacing of half our tar roads was completed this summer and more patching of tar roads has been required with heavier and faster traffic. Guard rails have been installed on Gilcreast Road, Litchfield Road, Boyd Road and Pillsbury Road. New street signs have been installed and new street lights added at intersections wherever they were needed most. The TRA money this year was used on Bartley Hill Road. Blasting had to be done and many boulders removed to acquire the proper width and drainage for the hard surfacing. Some gravel was put on the road with more to be done this coming year when it will be hard surfaced.

The new construction money was used for the following: The widening of West Road, some gravel was also required because of the heavy truck traffic. Some work was donated by the contractors who use this road heavily. Blasting, ledge removal and hot topping on Stonehenge Road hill was completed. Clearing, widening, drainage and gravel work was done on a portion of High Range Road, again with the help of the contractors in that area. With the cooperation of the Planning Board and Board of Selectmen, we are requiring the developers to bring existing dirt roads up to town specifications before developments are allowed to be built.

This has been accomplished on portions of High Range Road, Mill Road and Otterson Road. Also a new guard rail on Auburn Road was installed by a contractor.

With this agreement, we are very hopeful we will have improved roads without added expense to the taxpayers. The developers are required to widen, gravel and install drainage in these areas.

Two new snowplows and wings were purchased to replace some of the older plowing equipment.

Along with the addition of more miles of roads for winter maintenance, the following areas have been included for snow removal:

Central School Yard	Baptist Church Yard
Junior High School Yard	St. Jude's Church Yard
North School Yard	Grange Hall Yard
Leach Library Yard	Town Hall Yard
Methodist Church Yard	Town Office Yard
Presbyterian Church Yard	

Much appreciation again to our Fire Department Communication Center, Police Department, Planning Board and Board of Selectmen for all of their cooperation. Also many thanks to the Secretary in the Town Office who takes care of all the bookkeeping.

Sincerely,

RICHARD S. MOORE  
Road Agent

## LAW ENFORCEMENT CODE OF ETHICS

**As a Law Enforcement Officer**, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

**I will** keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

**I will** never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

**I recognize** the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

## LONDONDERRY POLICE DEPARTMENT

### Annual Report — 1973

---

The continuing growth of the Town and the needs of the Police Department are again reflected by activity statistics compiled for 1973. Demand for services showed large increases in nearly all of the important categories.

Automobile accidents, after a sizeable increase in 1972, remained about the same. A triple fatality on Gilcreast Road just after New Years got us off to a bad start, but the rest of the year remained death-free. Radar is being used regularly on our roads now and with the addition of more personnel, Agent Levesque will have a meaningful program of road safety underway as we enter the New Year. Your cooperation in driving safety will benefit all of us.

Burglaries also were only slightly up from last year. We greatly appreciate the assistance of those alert residents who call us immediately to report any suspicious activity in their neighborhood. Their helpfulness increases the effectiveness of our patrol immeasurably. Won't you "help us help you" by reporting anything that appears to be a suspicious nature, immediately?

The "Complaints and Requests for Assistance" made another sizable increase this year. This area, perhaps more than any other reflects the growth problem the town is undergoing. The increased density of the population, the transitional problem facing the many who move from large cities into our community, the transitory nature of many newer residents in unfamiliar surroundings results in their turning to an understanding Police Department when problems arise. The Department attempts to assist, with something less than court action, the confrontations that occur. Many of the problems result from neighbors not knowing each other well enough to iron out their differences. In these cases, the well trained officer merely acts as a catalyst to bring the people together so that they can discuss and solve their own problems.

The Juvenile Department, headed by Agent Joseph Eaton, particularly works within the family unit to return young people, who may have strayed from the "straight and narrow," to the path of good citizenship. Some 127 cases, which could have meant court appearances were handled by this department, with the result that only 23 court appearances were required. Eleven cases were referred to mental health and guidance facilities in nearby communities. Agent Eaton completed a two-week course in Narcotics investigation sponsored by the N. H. Police Standards and Training Counsel. Instructors from the Federal Bureau of Narcotics and Dangerous Drugs provided information on the detection, apprehension and treatment of Drug related problems. Agent Eaton continues as Advisor to the Explorers Group as well as chairman of the various athletic programs of the Recreation Commission. In this area, Londonderry has been very fortunate in having many successful programs for the benefit of both young people and those "a little older." Much of the success is due to the many adults who do an excellent job of refereeing, coaching, and encouraging the participation of everyone, regardless of size or ability.

We were very fortunate this year, in hiring four new patrolmen of excellent potential. Officer Ronald Cote, who was very competent in the various fields of police service, resigned to go into business for himself. The loss of his services was greatly felt. The new men were selected after extensive written and oral examinations. A six-week course of instruction at the N. H. Police Training School plus on-the-job training with officers of this Department prepared them for their duties. Their selection and training were not completed until the latter part of 1973. We hope their presence in the coming year will hold the line on many of our problems.

Serious manpower shortages in administrative personnel developed during the year and more particularly with the advent of the new men. As a temporary measure we were able to obtain federal aid that permitted us to have

part-time help at no cost to the Town. Help to the tune of 1641 hours was received through the Concentrated Employment Program and the approval of a summer Police Cadet Program with a grant of \$785.00 from Governor's Commission on Crime & Delinquency enabled us to keep our head above water, and benefitted the Town by over \$4000.00 of Federal Funds. The need for additional full time personnel is severe, and we have requested the necessary funding in our 1974 budget.

Other problems we face in the coming year need budgetary action. Londonderry continues to pay the personnel of its Police Department less than any of the surrounding and abutting communities. It will be very difficult to retain the quality of personnel and the high standards we have set, if this injustice continues. It is very difficult to justify pay differential to an officer merely because of Town boundaries. We believe sincerely that the experience and capability of our personnel rate at least the average of the surrounding communities.

The rapidly increasing number of armed robberies in this area make it imperative that we institute a regular training program so that all officers qualify and remain so in the use of the various weapons.

Arrests and summonses totaled 325, a 20% increase for the year. This total was tempered somewhat by the fact that 667 warnings were issued for minor infractions of the law. There were 18 arrests for larceny; 5 for burglary; 5 drug related; and 10 for operating motor vehicles while under the influence of alcohol. Motor vehicle fines totaling \$6,624.00 plus \$1,290.00 in misdemeanor penalties were handed down by the Derry District Court on Londonderry complaints. 12 Felony cases were bound over to Superior Court. A sign of times is the 32 bicycles reported stolen this year.

The Police Auxiliary continues to fill a valuable niche within the department. Approximately 15 men continue their training year round under the supervision of Agent

Levesque. Their willingness to respond to emergencies and to fill in for vacations and other periods of shortages of men in a creditable manner has earned them the respect of those with whom they come in contact. Their training consists of bi-weekly instruction coupled with actual patrol work in the field. Much of their work is strictly volunteer, born of an earnest desire to help make their community a better place to live.

The Department was saddened by the death of two of its members this year. Special Officer Joseph Fuller and his wife were killed in a plane crash at Logan Airport while enroute to assist in the "Fresh Air" program of bringing New York City Children to New Hampshire for a vacation. Their errand was typical of the Fullers' willingness to serve those in need. "Joe" was an Auxiliary Sgt. whose personality endeared him to all who knew and worked with him. Adrien Cote, a special Officer and Former Selectmen for the Town of Londonderry, assisted the Department with duty on highway construction. He was always available regardless of the weather or his own duties. Both men will be sorely missed by the Department.

The statistics on our 1973 budget enable us to end this report on a very pleasing note. By applying for various grants and reimbursements of Federal & State funding, we received a total of \$8,212.39. Deducting this from our actual expenditures of \$108,358.33, we show a total expenditure of town funds of \$100,145.94. This figure represents approximately \$12,755.66 less than our approved budget of \$112,901.60. In addition to this savings is the \$3,282.00 paid by the aforementioned Concentrated Employment Program directly to the personnel involved. A rather bright spot to the year's end.

## COMPARISON OF ACTIVITIES 1972 - 1973

Activity:	1972	1973	% Inc. 1 yr.
Accidents	229	225	-1%
Assaults	6	9	50%
Assists to other depts.	210	271	29%

## **ANNUAL REPORT OF THE LONDONDERRY CIVIL DEFENSE UNIT**

Having been newly appointed as the new Londonderry Civil Defense Director in May of 1973, it has been brought to my attention that most people are not aware of what Civil Defense is all about and what its function is in town government. I have attempted to define "Civil Defense" in a local community utilizing the "Civil Defense Act" as a guide.

Purpose — Because of the possibility of the occurrence of disaster resulting from enemy attack, or other hostile action, or from fire, flood, hurricane, earthquake or other natural causes, and in order that the Town of Londonderry will be adequately prepared to cope with such disaster; and generally in order to provide for the common defense and to preserve the lives and the property of the people, a local Civil Defense Agency is created. Provisions are made for the rendering of mutual aid to other agencies and to be capable to cooperate on a state or federal level with respect to carrying out all Civil Defense functions to the end that the most effective preparation and use may be made of the manpower, resources and facilities for dealing with any disaster that may occur.

After making a close study of our own Civil Defense Agency, an internal program was initiated in order to upgrade the unit to a maximum operational point considering Functions and Resources. Several Improvements were made in the organizational structure as to the designations of "Duties and Responsibilities."

The appropriation of two buildings were acquired with the cooperation of the Londonderry housing authority. These buildings are located on High Range Road, a portion of Parcel 5 granted to the town for community needs, etc. These buildings are now being renovated and repaired with the assistance of many volunteers and is to be utilized as the new Civil Defense Headquarters and Auxiliary Police Training Center.

Many hours are also being spent on inventory, repair and installation of equipment within the fields of staff, communications, transportation and material support group.

Our local police and fire departments have continual training programs and with proper coordination with other units within Civil Defense, Londonderry could cope with any type emergency.

Our monitors and those belonging to the fire department provides Londonderry with an operational warning network that fans our locality and alerts town key personnel. This is coordinated with National Warning System and is tested periodically. The police blue phones and the fire department red phones are also part of this system.

Londonderry Civil Defense is always looking towards the future and at this time a study is being prepared for the townspeople for the construction of a town Office building. As an interested party, we have let our needs be known to the architect and are in hopes that an "Emergency Operation Center" and an auxiliary power generator may be included in case disaster strikes.

In conclusion, Londonderry Civil Defense will continue to maintain a state of "Civil Disaster Preparedness" in the interest of the citizens of the Town of Londonderry.

Respectfully submitted,

R. R. LEVESQUE, Director

## **1973 Town Report**

### **EMERGENCY CALLS . . . ONLY . . . 432-3138**

**Station #1 432-3442**

**Station #2 432-3369**

We started the year 1973 by rigorous training of all Fire Department Personnel. Four buildings were burned under the supervision of this Department and trained State Instructors. All types of fire situations were simulated during these week-end drills. All Londonderry firemen participated as well as firemen from many surrounding towns.

As always this Department worked hard to raise additional funds to help support ourselves. Our May Ball, with its' "Moonlight and Roses" theme was a huge success. We also ran a public dance each month at Firemens' Hall, filled swimming pools, collected newspapers and sold Christmas trees for a total raised of \$8,389.07.

Of the above total \$3,181.15 was spent on new equipment. The remainder was put to good use in fixing up Firemens' Hall. This included refinishing the floors. Minor repairs to both Stations were also made with those funds.

Our annual Fire Prevention Parade was held at Station #1 this year. Fire engines came from all around to help us celebrate this event. The firemen put on equipment demonstrations after which fire prevention movies were viewed. After a movie showing the devastation a fire can do, a children's cartoon on fire prevention was featured. This movie showed the right and wrong procedure to follow in case fire broke out in their own homes. With this in mind, we have made available child and invalid alert stickers. These can be placed on an outside door or window. They are fluorescent and would alert firemen to the fact that a child or handicapped or elderly person is on the premises. Anyone who wishes may pick up these stickers at either Fire Station.

In closing I want to caution everyone who is using wood to help in the heating of their homes. Make sure your chimney is clean and in good condition. Make sure your heating device is attached to your chimney properly. If anyone desires information on proper installation they may call the North-end Station #1 (432-3442) or the South-end Station #2 (432-3369) at any time. Please use these numbers for all information calls in order to keep the Red Phone clear for emergency calls.

Respectfully submitted,

DAVID A. HICKS, Chief

Burning buildings .....	6
Pumping cellars .....	14
Police Department assistance .....	6
Mutual aid assistance .....	19
Resuscitator calls .....	7
Highway assistance .....	2

---

Total responses other than Fires ..... 291

## REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

The New Hampshire Forest Fire Service is represented in every town, city or unorganized place in our State by the Forest Fire Warden. Anyone wishing to kindle an outside fire when the ground is not covered with snow must first obtain the written permission of the Fire Warden. Except for cooking fires, no fire can be kindled between 9:00 A. M. and 5:00 P. M. unless it is a commercial or industrial burn or it is raining. The Fire Warden is assisted in his work by the District Forest Fire Chief who works for the Department of Resources and Economic Development Forest Fire Service.

Fire prevention was, again this year, the most important part of the Forest Fire Warden's job. Fire statistics show the need with 72% of the fires caused by smoking, debris burning and children. Smokey the Bear is an important prevention tool but he still needs much help from the public. Parents should warn their children of the hazards of playing with matches. Children tend to forget that a lighted match held in their hand is a potential Forest Fire.

All fire permits issued in Londonderry will be obtained at the fire houses under the supervision of the Forest Fire Warden or Deputy Warden.

### Forest Fire Record:

	State	District	Town
Fires Reported	617	183	51
Acres Burned	244	88	
Acres Average size	.395		

Permits issued in Londonderry — 1973 — 578.

DAVID A. HICKS  
Forest Fire Warden  
RALPH STEVENS  
District Fire Chief

## **LONDONDERRY RECREATION COMMISSION**

### **1973 Annual Report (as of Dec. 14, 1973)**

In 1973, we added several new programs, and saw a considerable growth in our regular programs.

Due to an increased work load as a School Board member, Robert Lincoln regretfully tendered his resignation on the Commission, and was replaced by Orvis (Duke) Bonney. Sharon Sorenson and Arline Spahn were reappointed for three (3) year terms.

In February, Jack Frost did not cooperate very well, and the Winter Carnival was held to half its regular agenda. The Lion's Club very ably assisted with the events. In 1974 the Carnival will be held in January.

The Summer Playground moved ahead under the capable direction of Randy Whitehead, Playground Director, with 140 boys and girls signed up during the summer. We were very pleased with the many and varied programs.

Mens Softball went from five to six teams, culminating with playoffs on Old Home Day, won by Olde Pendleton.

On Old Home Day, we again conducted Field and Track events for the youth of the town. Trophies and ribbons were awarded to the winners in each of six events.

We started a program of teenage girls softball that would have been more successful if we had had another softball field. We hope to have this corrected by 1974.

Flag football saw 160 boys participating each week in three age groups. We also had two teams of girls who played almost every week. (Nice young ladies?)

The Cheerleaders program saw a slight drop in attendance due mostly to cold and rainy weather.

This year, for the first time, we had a Halloween Art contest and the response on such short notice, was over-

whelming. Better than 200 boys and girls entered the contest. This will become an annual event.

Our Basketball programs for the year have started with youth basketball on Saturday, teen-age boys on Sunday night and men on Monday night. We anticipate a total of 325 people a week.

We finally have got volleyball off the ground with the women playing Wednesday night and the men on Thursday. Both are averaging 4 teams a night.

Hockey is also coming along with the main problem being able to find ice time at the local arenas.

Two mini banquets have been held this year, basketball and football. All children who participated satisfactorily received trophies.

We had wanted to start a program of winter time movies on Sunday afternoons, but due to the energy crisis, have called it off for this year.

During the course of the year, we have met with the Selectman, Conservation Commission and State Recreation Commission. Several trips have been made to Concord to confer with both the Board of Outdoor Recreation and the Recreation Commission.

The forty-seven acres of land that was approved for purchase by voters at the March town meeting, was deeded over to the town in August. It has since been surveyed and bounded. Federal funds of \$10,000 were used in the purchase of the land, costing the town only \$12,250 for a very valuable piece of property.

After interviewing several applicants, we hired the Allen Organization of Glen Falls, New York to develop a plan for this land. This will be finished in time for a presentation at the 1974 Town Meeting.

We are looking into the feasibility of a Comprehensive Plan for Parks and Recreation for the entire town, and hope to have a report on this, also for the 1974 Town Meeting.

The Recreation Commission meets the first Tuesday of each month at 7:30 P. M. at the Town Offices and is open to any suggestions, comments, or ideas you would like to bring forth.

At this time, we would like to thank the School Board for the use of Central School and its grounds (as this is where most of our programs take place), Robert Shea for his cooperation and understanding, James Matarozzo for his generosity in the sale of the forty-seven acres for recreation purposes, and to all those people who helped to make this years Recreation program the success that it was. YOU are the program.

Respectfully submitted,

CHARLES FOWLER, Chairman  
Londonderry Recreation Commission

## NURSES' ANNUAL REPORT

November 1973

The Derry Visiting Nurse Association's actual practice of public health is so diversified, draws from so many scientific disciplines, and has so many facets of community service, that a crazy-quilt of activities will be described in this year's Nurses' Report. Public health is a progressive, moving and growing field, and because of that a narrow, restricted report of its activities can be a real mistake.

We have taken a few giant steps as well as experiencing internal changes. As of December 1972, Mrs. Mary Guilfoyle, our secretary, resigned. She was replaced by Mrs. Helen Hogan from Londonderry, who has certainly been an asset to our office. On the 28th of June, Sheelah Boisvert signed a contract with the town of Hampstead. From the effective date of July 1, 1973, we have made 31 visits (July — 6 visits, Aug. — 5 visits, Sept. — 20 visits).

On July 1 we moved into a larger, more professional, office in the back of the same building at 11 Wall Street. It houses all our equipment, as well as the refrigerator, donated to us by a Hampstead family. We now have much equipment such as beds, walkers, wheelchairs and crutches, donated to us by many concerned persons to be loaned to our patients.

The cost analysis was completed and resulted in a raise in cost per visit (Medicare related) from \$8.20 to \$11.31, for which the Agency was reimbursed \$3,036.00. This increase of cost per visit and the fact that since July 1, 1973, Medicare will only reimburse at cost or charge, whichever is lower, caused the Board of Directors much concern; hence they voted to raise the charge from \$5.00 to \$8.00, effective October 1, 1973. A letter is being sent to patients concerning this increase.

The increase in cost per visit for skilled nursing service is created by an increase in paper work for the entire

staff. Determining if the patient qualifies, filling the new requirements, and paper work results in the Director spending considerably more time in the office and less in field nursing. Medicare also requires mounds of accurate statistical data kept by the nurses and secretary. More time per visit was spent on nursing care patients, less in maternal and child health, and, lastly; the percentage of staff dropped from 2.5 to 2.3 per week, which means approximately twelve hours per week less nursing time. These reasons combined to increase the cost per visit and decrease the number of visits made.

Mrs. Bonnie Ivey, R.N., began employment as staff nurse on July 16. She had nine months prior employment in a public health agency in Portland, Maine. Through September she has made 245 visits (July — 58 visits, Aug. — 107, Sept. — 80). A number of these have been to Hampstead patients. With this new addition we are beginning to meet the needs of those in the communities we now serve.

Mrs. Mary Reed, occupational therapist, resigned on August 1, 1973. Her resignation was effective as of September 29, 1973. She made 31 visits from October 21, 1972 to July 9, 1973.

Mrs. Anita Walker, physical therapist, made 101 visits between April 20, 1973 and October 11, 1973.

Joanne Millsaps has already begun taking courses towards a B.A. degree. Mary Vesey and Bonnie Ivey have signed up to start in January. We really wish these girls lots of luck and success.

Two proposals, Homemaker — Home Health Aide, and an Elderly Outreach Program were recently submitted to the Board of Directors as part of the Nurse-Director's function to analyze and interpret community needs. These proposals are now in study committees.

Mrs. Phyllis Cummings, R.N. received 15 instructional hours from the New England Center for Continuing Education for attendance at the workshop for Psycho-Social

Care of the Aged and Social and Supportive Services for the Elderly. The attendance of this workshop was in preparation for the Elderly Outreach Program, as well as providing our staff with recent developments in this area of nursing.

Involvement in community service is emphasized by the Parent Classes each fall and spring, organized by Mrs. Constance Bureau and Mrs. Sue Haussler. We understand the parents have been quite receptive and enjoyed the classes. On February 18 the nurses held a German Measles/Measles Clinic at the Alexander Eastman Hospital in cooperation with Dr. Ballentyne and Mr. Beattie. A venereal disease program is to be presented to the youth at Pinkerton Academy; the Londonderry Health Clinic was held on May 19 and Ten tests were done recently for 36 children at Headstart.

On September 14, 1972, the students from the Sacred Heart Hospital came to our agency to observe the functions of a visiting nurse agency in the field of community health and to become cognizant of our role. Sixteen more students will begin again on March 26, 1974, through April 11, 1974. Two students per day on Tuesdays, Wednesdays and Thursdays will participate during this three-week period.

The Agency continues to relate to other community agencies. The Nurses continue to make rounds at the local hospital and feel this has definitely helped in improving our lines of communication. I would like to extend my greatest appreciation to their staff.

We would like to welcome Mrs. Cynthia Borofsky, social worker from the alcohol and drug abuse program, to the hospital, Jane Erlich, who is to begin a family planning clinic in this area, and Barbara Swanson, an "outreach" worker, to our community. We also welcome Miss Enid Hilton, a social worker from Portsmouth, who is at the Town Hall on Wednesday afternoons to help

those in the area regarding questions or problems they may have relating to Welfare, including our staff.

Submitted by:

MRS. NANCY DEMERS, R.N., B.S.N.  
Agency Nurse/Supervisor/Director

## REPORT OF THE BUILDING INSPECTOR

The office of the building inspector issued a total of 441 permits in the year of 1973 for an estimated value of \$11,582,100. The number of permits exceeded 1972 by 129 and a DOLLAR VALUE of \$4,569,605.00 The tight money market, gas & oil rationing prevented a further increase of approximately three million dollars in private dwellings and apartments and a million dollar shopping center.

The building codes are working very well with only 20 major violations and several minor ones. Known zoning violations amounted to nineteen and failure to obtain permits only twenty-nine. In all but three cases, the conditions were corrected and complied with, without any further legal action. Total amount of fees collected during the year \$12,443.50.

Single Homes	241	\$7,293,600.00

RICHARD L. HODGMAN  
Building Inspector

## LONDONDERRY PLANNING BOARD

The Town of Londonderry is forecast to be the fastest growing community in the State. This has shown in the increased workload of the Planning Board requiring meetings weekly instead of the scheduled one monthly meeting.

The Board was elated to have the proposed open space/cluster residential zoning passed by the voters at the 1973 Town Meeting, only to find that a conflicting petition article was later declared passed making open space cluster development unfeasible. The Planning Board, in order to clear the zoning regulations of the conflicting article, asked for a Special Town Meeting in June. The decision of that meeting was not to delete the conflicting article, therefore, subdivisions have continued in their former conventional style with row upon row of houses, more town roads to maintain and very little open space.

Other zoning regulations were passed limiting multi-family development to 2.5 units per acre rather than the 4 units per acre previously allowed and limiting this type of development to 1,500 ft. in depth. A sign ordinance was adopted limiting the size of signs. The Planning Board was given the power to review non-residential sites. Subdivision regulations have been revised, requiring all utilities to be installed underground; all development on present Town roads in sub-standard condition, be stopped until the roads are brought to minimum standard condition.

Information, gathered from the tax records by the Board, show that on April 1, 1973 there were 1,456 single family homes, 101 commercial or industrial buildings, 430 mobile homes, 517 apartment units and 172 condominium units. Comparing these figures with school records of the number of children enrolled in schools on April 1, 1973 shows that each single family residence

averages 2.5 children and each multi-family unit averages  $\frac{1}{4}$  child.

Plans were signed in 1973 for 168 single house lots and 432 condominium units.

The Board meets the second Wednesday of each month and welcomes any interested citizen to view our proceedings.

Respectfully,

GEORGE P. HICKS  
Chairman

#### **TAX EVALUATION CHART**

## BOARD OF ADJUSTMENT 1973 Activities

### I. Analysis of Cases:

Type of Case	Granted	Denied	Withdrawn	Total
1. Special Exception	7	3	1	11
2. Variance	21	8	7	36
3. Appeal from Administrative Decision	1	1	....	2
Total	29	12	8	49

### II. Case History:

Year	No. of Cases
1965	25
1966	23
1967	16
1968	24
1969	18
1970	22
1971	21
1972	36
1973	49

### III. Remarks:

The number of cases continues to increase yearly as shown in the Case History. The right to grant Special Exceptions by the Board of Adjustment was removed at the March 1973 Town Meeting under Article #26. After that date everyone had to apply for a Variance.

Twenty-one requests involved commercial activity, including a nursing home and an office building. Two requests were for churches, nine for non-accessory signs and the remainder were residential or miscellaneous requests.

It should be noted that the applicant or his representative must attend the hearing or the case is withdrawn. This means that notices must be posted again in three public places, published in a local paper and notices mailed to every abuttor which makes additional expense for the Town.

Respectfully submitted,

LAWRENCE J. WEBBER  
Clerk, Board of Adjustment

## LONDONDERRY CONSERVATION COMMISSION

---

This past year the Londonderry Conservation Commission joined the newly formed Beaver Valley Watershed Association which is primarily concerned with establishing and maintaining the purity of Beaver Brook. As a result of the organization's efforts, five towns have applied to the Army Corps of Engineers for a flood plain study of the Beaver Brook watershed.

Londonderry's Commission is working in conjunction with the Litchfield Conservation Commission to study the feasibility of establishing a state park in the Mushsquash Swamp area. A joint meeting was held in which legislative representatives from both towns and a member of the State Parks Commission discussed some of the problems and possible plans for getting the project under way. The general feeling was one of approval. At the present, the Commissions are waiting for an appointment with Mr. George Gilman, Chairman of the State Parks Commission.

In keeping with the conservation ideals of the green belt area of Beaver Brook, the Commission negotiated with Mr. James Matarozzo over the use of some land bordering on the brook. After several proposals, an agreement was reached that the Commission feels will be beneficial to the conservation zone.

In order to insure that all existing and future gravel pits are properly reclaimed the Commission has proposed revisions in the gravel ordinance to be submitted to the town by the Planning Board.

Due to a change in the State Laws, the Commission now reviews all dredge and fill permits.

The Conservation Fund now stands at \$1,969.80; \$1,895.53 of which is principal and the remaining \$74.27 being interest. These funds are accumulating for possible land acquisitions in the future.

The public is cordially invited to attend any of the regularly scheduled meetings held on the second and fourth Tuesdays of the month at the Town Offices. Please feel free to contact the Commission through any of its members at any time.

**REVENUES — 1973**  
**AT**  
**GRENIER INDUSTRIAL VILLAGE**

Property Tax	\$56,643.27
Building Permit Fees	835.00
Vehicle Registrations	3,200.00
Payment to Town in Lieu of Taxes	3,500.00
	<hr/>
Total Revenue to Town	\$64,178.27

**BUILDING PERMIT APPLICATIONS**  
**1973**

	Permit Fee	Estimated Const. Cost
Terrill Const.		
(Nash/Forest)	\$175.00	\$175,000.
Atlantic Grinding & Welding Inc.	60.00	60,000.
R.S. Darling Inc.	30.00	30,000.
Graf Bros. Inc.	120.00	120,000.
Nash/Tamposi	225.00	225,000.
Nash/Tamposi	225.00	225,000.
	<hr/>	<hr/>
Total	\$865.00	\$865,000.

**TAX REVENUES**

The increase in tax revenues was over \$28,000.00 for 1973, a total of \$64,178.27. An estimated increase in excess of \$40,000.00 is expected for 1974.

**OCCUPANTS & JOBS**

Private Owners	17
Lessees & Tenants	35
Total Employees	655
Buildings available for rent	5
New Construction	6 buildings

With the sale of land, the availability of buildings for lease on an interim basis has decreased to five (5) buildings. The loss of buildings has resulted in a decrease of rental income to \$80,000.00 for the year.

## FUTURE CONSTRUCTION

A contract for final engineering to modernize the sewer and water lines has been given for Parcel II and is being surveyed for Parcel I in the amount of \$20,800.00.

The total project of the Londonderry Housing & Redevelopment Authority is still unique in the fact that no tax money has yet gone into this endeavor from the Town of Londonderry.

The Londonderry Housing & Redevelopment Authority pays all its own expenses for road construction and repairing, street lighting, snow plowing, maintenance of grounds and buildings. It also has paid the principle and interest on its debt, furnished buildings for town affairs; the Police Dept., Highway Dept., School Dept., Recreation Dept. and Civil Defense.

We have donated 8 Acres of land to the Town for the highway garage and two radio towers to the Fire Dept. free of charge.

The future success of the project depends on the ability to solve the sewer construction and sewerage disposal problems.

It is now quite probable the Londonderry Housing & Redevelopment Authority is reaching a point where some Town assistance in the nature of loans or other financial backing will be needed. The sales of land will probably not coincide with the cost of the sewer relocation.

## **Auditors Report**

To the Commissioners  
Londonderry Housing and Redevelopment Authority  
Londonderry, New Hampshire

We have examined the balance sheet of the Londonderry Housing and Redevelopment Authority as of December 31, 1973 and the related statements of operations and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other procedures as we considered necessary in the circumstances.

In our opinion, the accompanying statements present fairly the financial position of the Londonderry Housing and Redevelopment Authority at December 31, 1973, and the results of its operations and changes in financial position for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

### School Warrant

To the Inhabitants of the School district in the town of Londonderry, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Londonderry Central School in said district on the 5th day of March 1974, at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To see if the District will approve the provisions for absentee ballot for the selection of Londonderry School District Officers in accordance with RSA 60:38.

Given under our hands at said Londonderry this 14th day of January 1974.

## SCHOOL WARRANT

---

To the Inhabitants of the School district in the town of Londonderry, N. H. qualified to vote in district affairs:

You are hereby notified to meet at the Londonderry Central School in said district on the 2nd day of March 1974, at two o'clock in the afternoon, to act upon the following subjects:

1. To see if the district will appropriate \$1,750,000 or any other sum, for constructing and originally equipping and furnishing a new elementary school, to determine whether such appropriation shall be raised by borrowing or otherwise, to authorize the school board to contract for and accept federal or other funds in connection with the project or to take any other action relative thereto.

2. To hear reports of agents and auditors and committees or officers chosen and pass any vote in relation thereto.

3. To see if the District will authorize voluntary silent meditation and the Pledge of Allegiance to the United States Flag in the public schools of Londonderry in accordance with RSA 197:1 or RSA 195:13.

4. To see if the District will authorize the school board to make application for and to accept and to spend on behalf of the District, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government and/or the State of New Hampshire.

5. To see if the District will vote to authorize the school board to accept and to spend in the name of and in behalf of the School District gifts for the use of the schools.

6. To see if the District will vote to accept provisions of Public Law 89-10 designed to improve educational opportunities with particular reference to low income families and to appropriate such funds as may be made available to the District under the Federal Act for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same on such projects as it may designate.

7. To see if the District will vote to pay for high school courses billed to parents under the dual-enrollment program by the City of Manchester.

8. To see if the voters of the School District of Londonderry will approve a proposed new contract between the District and the Trustees of Pinkerton Academy and to see if such contract shall be deemed to be the contract by this School District and the Trustees of Pinkerton Academy.

9. To see if the District will raise and appropriate the sum of \$45,000 to provide transportation for high school students residing in the Town of Londonderry.

10. To see if the District will raise and appropriate the sum of \$7,413.00 for the purchase of band uniforms for the Londonderry Junior High School.

11. To see if the District will raise and appropriate the sum of \$3,836.00 for payment for physical examinations for students in grades six, seven and eight who participate in inter-scholastic athletics. Said examinations to take place prior to try-out of any student.

12. To see if the School District will vote from this date forward to indemnify and save harmless from loss or damage any person employed by it, including the Superintendent of Schools and any member of the School Board, administrative staff or agencies, from personal financial loss and expense incurring reasonable legal fees and costs, if any, arising out of any claim, demand,

suit or judgment by reason of negligence or other act resulting in accidental injury to a person or accidental damage to or destruction of property if the indemnified person at the time of the accident resulting in the injury, damage or destruction was acting in the scope of his employment or office.

13. To see if the School District will authorize the School Board to purchase a comprehensive general liability insurance policy, in order to protect the School District employees, officers, administrative staff and itself against personal liability suits.

14. To see if the District will raise and appropriate the sum of \$8,365.80 for payment of a retirement claim brought against the District by Mrs. Mary Downey.

15. To see what sum of money the District will raise and appropriate for the support of schools, for the salary of school district officials and agents and for the payment of statutory obligations of the District.

16. To transact any other business that may legally come before this meeting, including the appointment of committees.

Given under our hands at said Londonderry this 11th day of February 1974.

## REPORT OF THE SCHOOL BOARD

### 1973 - 1974

The School Board this year has embarked on a new approach to an old concept. The new concept is to bring the schools back to the community. The new approach is actually doing it.

One of the most important steps toward better education to Londonderry youth is the forming of our own Supervisory Union (#12). This will put the entire educational system under the control of the Londonderry School Board. Since the School Board is elected by you, the people of Londonderry, you can expect some control as taxpayers. There is a proviso though, and that is, pending future bond issues to complete the high school and keep pace with the ever-increasing elementary school population.

The 1972/1973 School District Meeting mandated two study committees. A building committee was formed and started work immediately to build Phase II of the high school.

A committee was formed to study the alternatives that are, or may be, available to Londonderry when the existing contract expires with Pinkerton Academy in 1978.

Then, a Building Needs Committee was formed by the School Board to study what buildings will be needed in the future. This committee, under the leadership of Mr. Babineau, has developed some rather startling facts and figures for the Londonderry School District. This report will appear elsewhere so no need to dwell on it. All three committees have been working committees and the participation by the members has been outstanding.

The Londonderry School Board wishes to thank all the members for their outstanding participation and devotion to the education of Londonderry youth. This is what it's all about. Citizen participation in the school system. Education in Londonderry cannot continue to be out-

standing without the full support of the community and we on the Board feel that you must share our responsibility to provide a good education for the dollar spent.

The School Board, through the three school principals, extend an invitation to all of you to visit *your* schools and get to know the staff and the schools.

We would like to thank the principals and the staff for their participation and devotion to the schools for the past year and that little extra that is so important to all of us.

A particular acknowledgement to the people of Londonderry for the great strides that you have taken in the past year. You have earned the right to look on your schools with pride. The School Board is very much aware of the fact that without your support we could not have the outstanding educational system we have.

Thank you,

WILLIAM P. BOUCHER, *Chairman*  
Londonderry School Board

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Londonderry, I hereby submit my annual report as Superintendent of Schools:

As we began this school year in Londonderry, we found the ever-present problem of increasing enrollment. This September showed an increase of 320 students over September a year ago. This means a student body increase of 8.4 percent.

We are presently using all the classrooms available in our schools. All students in grades six through eight are currently housed in the Londonderry Junior High School. The question is not, do we need the space for our students, but what type of space should be built. The report of the Building Needs Committee will be found in this Town Report. I urge every citizen to become thoroughly familiar with the contents of this report. This committee is to be commended for a job very well done.

The program for curriculum development has been underway in Londonderry for the past five years. The objectives for this year are Language Arts, Math and Social Studies. Elementary teachers in Londonderry participated in a Language Arts Workshop this past summer. The outcome of this workshop was the completion of a Language Arts Curriculum Guide for the junior high school. During the past two years, management training for principals has been emphasized. We were fortunate to have as a consultant in this area, Dr. Joseph Ferreira of Boston University.

This Supervisory Union has operated on the premise that curriculum development can best be accomplished by the staff working together. We fully realize however that a good curriculum is never complete, that it should undergo constant evaluation so that it may meet the needs of our changing community. I would like to express my appreciation to Arthur Mitchell, Jr., Assistant Superintendent of Schools, for his leadership in the curriculum program.

As a result of a vote by the New Hampshire State Board of Education, the Londonderry School District will leave Supervisory Union #10 as of July 1, 1974. The Londonderry School District will, at that time, become Supervisory Union #12. I wish to thank the people of Londonderry for their support and I would also like to express my appreciation to the building principals and the teachers in Londonderry for their efforts to provide a good education for the students of Londonderry.

Respectfully submitted,

BERNARD J. ELLIS  
Superintendent of Schools

## **ANNUAL REPORT**

### **Assistant Superintendent**

I returned to my duties as Assistant Superintendent for Supervisory Union #10 in late December of 1972. My first assignment was to work with the Building Committee for Phase II of the Junior-Senior High School. This has been carried through this school year with the present Building Committee. In March, meetings were held on invitation in local neighborhoods and organizations in an attempt to bring necessary Phase II information on the bond issue to voters.

Another major area of responsibility is curriculum and supervision. Curriculum is basically what is taught and how it is taught in the classroom. This is done through test results, meetings with teachers and principals and planning workshops or suggesting courses. In March a teacher-led workshop was held for all three towns in the union. A variety of teacher-planned introductory workshops were held. Evaluation by teachers was positive. In August forty-five staff members attended a Medias Workshop held at the Londonderry Jr. High School. The purpose was to introduce a new approach to the teaching of reading.

The third week in August a workshop for all grade 1-6 teachers was held to introduce the new Addison-Wesley Math Series. In October four three hour workshops and exploratory lab sessions in mathematics were held as follow-up procedure. Separate work sessions were also held for teacher aides in math. This was the culmination of a program began when I organized a math course in 1971 with Drs. Greenes and Spiekel of Boston University and Leslie College. Of the teachers in that course, one from each building became a member of a Curriculum Committee to work with Dr. Greenes and Chairman, Don Jobin, to explore a new math curriculum. These people, with principals, also attended an August workshop this summer to explore manipulative materials in math with

the intention that they become math leaders in their building, thus helping other staff after school with further exploration. Their consultant was Marcia Lilley, former Math Department Head of Sudbury, Massachusetts. Math leader for Londonderry Central School is Mrs. Winter; North School, Miss MacKenzie, and Miss Keady at the Jr. High School.

Our Social Studies Committee, grades 1-6, has been working with Dr. Phyllis Henry of Boston University for one year. Teacher surveys were conducted, programs and philosophies reviewed before selecting a cultural based approach where students will study other cultures and why they live like they do in relation to their own culture. A fourth grade program was developed centering around New Hampshire. The committee has done an outstanding piece of work and will continue as a committee this year. They have been invited to present their material at the National Social Studies Convention.

Supervision of instruction was continued with all new teachers receiving two written observations before December and two more before May. Experienced staff received three per year.

In the area of teacher applications, we processed over 1000 applications, interviewing as many as possible to fill eighteen positions out of a possible sixty-seven. As a member of the Board of Directors for the new Teacher Application Bank at the University of New Hampshire, we are planning to put our initial application screening on computer. This will (in two seconds) allow us a more complete screening of applicant's qualifications prior to the selection for interview. The oversupply of applicants allows us to be more selective. However, there is still a shortage in specialized areas such as experienced reading consultants and qualified learning disabilities specialists.

The Staff Development Committee has met twice a month to plan a program for the recertification of staff. Parent, teacher and student surveys were conducted dur-

ing the year. From these results it is hoped that a plan will be ready to submit to the local and state boards by the fall of 1974.

In closing this final report from Supervisory Union #10, I wish to extend my deepest appreciation to the many teachers who were always so enthusiastic and willing to dedicate themselves to their role during the school day, after school, and through the summer. Their enthusiasm was always professional and of high caliber. Mr. Stortstrom has been most outstanding in the difficult role of organizing the new Jr. High School. My gratitude to elementary principals, Mr. Donald Jobin and Mr. Robert Shea, for their years of cooperation and constant enthusiasm. Our philosophy of "teamwork" has been greatly enhanced by these three principals.

Summarizing my six years in Londonderry I would like to say that if Mrs. Silberman's statement "Every community gets the school they deserve" is true then citizens of Londonderry have the right to be extremely proud of the educational system they have provided for their children.

Respectfully submitted,

ARTHUR MITCHELL, JR.

Assistant Superintendent

## REPORT OF THE PRINCIPAL

### Londonderry Central School

As another school year comes to an end, it is wise to reflect on the past as well as look toward the future. An evaluation of previous programs provides justification for new ideas, goals and objectives.

In September of this year, for the first time in four years, we opened our doors with a continuous elementary program designed for our first to fifth year students. During the aforementioned four years, Londonderry Central School housed grades 1-3 and 6, 7 and 8. Understandably with six new teachers embarking on a totally new intermediate experience at the outset, a number of program changes had to be made. However, as the year progressed, these program changes proved their worth as the enthusiasm and progress of the youngsters was observed.

One of the highlights of the year was to introduce mini courses to our 2nd and 3rd year program, the results of the joint efforts of teachers, parents and students who conceived, wrote and directed the entire program.

A number of mini meetings with teachers on various levels, the Guidance Director, nurses, speech personnel and myself brought about changes in philosophy and attitudes as well as opening up new avenues to explore in the future.

In our effort to search for a better way to educate youngsters, we will make mistakes, however let them be new mistakes made in the attempt to improve the quality of education of those vested in our care. With this thought in mind, I wish to express my sincere thanks to the Superintendent of Schools, Assistant Superintendent, my entire staff, parents and the School Board for their cooperation.

Respectfully submitted,

ROBERT J. SHEA

# **LONDONDERRY JUNIOR HIGH SCHOOL**

## **Report of the Principal**

To the citizens of Londonderry, I hereby submit my first Annual Report as Principal of the Londonderry Junior High School.

I would like to start my report by saying a word of thanks to Mr. Robert Shea, Principal of the Central School, for his patience and understanding as well as his cooperation and guidance. As a new administrator, I'm sure I never could have gotten off the ground without his help. Again, thanks.

Thinking back to the summer of 1972 and having a yet to be completed building; it was an awesome job that lay ahead. If I had not had a staff that was willing to give their own time, we would never have been ready for the September 5th opening. I would like to publicly thank each and every teacher in my building for their help.

With the opening of school we unveiled many curriculum changes, some new, some improved. The Language Arts Program was completely re-evaluated so that we could stimulate interest first and foremost. Once a child is interested, he can be taught. If we are really successful, he will be stimulated to the point of exploring material above and beyond the regular seventh or eighth grade program.

Science, although it has been part of the curriculum in the past, had a totally new look this year. We had two fully equipped laboratories for the first time and a new, laboratory centered, program. Here the children were encouraged to discover for themselves what force, mass, matter, etc., are.

We also added for the first time in Londonderry such subjects as Industrial Arts, Home Economics, Music and Art. The teachers of these subjects have done a tremendous job of setting up a new program, equipping it and making it work.

French, for the first time, was put on a regular academic basis rather than on activity basis. It will continue to be so in the future so that students taking French in grades seven and eight should have the equivalent of French I when they reach high school.

Next year (1973-1974) we will have the services of a full time reading teacher at the Junior High School. This is an area requiring additional emphasis. We have the facilities and now a teacher so we look forward to good results.

An area I am particularly proud of is our after school activities. In addition to our sports program, which involved 200 plus students, we offered Boys' Chef Club, Dune Buggy Club, Drama Club, Chorus and Band. Of our 450 students, at least 300 were involved in one activity. This amount of participation is a credit to the students and the parents' interest in their school. I would like to thank the parents for sacrificing so that transportation could be provided for their children.

As Principal of the Junior High School, I feel that the people of Londonderry should be proud of their school system and its professional staff. All of the above mentioned things plus the quality of education that exists could not have been achieved without their cooperation. My sincere wish is that this type of quality education may continue in the future.

Respectfully submitted,

CHARLES R. STORTSTROM  
Principal

## **REPORT OF THE PRINCIPAL**

### **North Londonderry School**

June 1973

To the citizens of Londonderry, I hereby submit my annual report as principal of the North Londonderry School.

This past school year was another very rewarding one for all of us connected with the North Londonderry School.

The extension and development of our educational programs enabled the staff to develop an awareness of each child's learning styles and needs. Consequently some students required intensive diagnosis and evaluation to better provide for each individual child.

Mrs. Terry Marcoplos, our school counselor, worked on a limited basis at our school and was extremely helpful in the development of special programs.

Mrs. Deborah Gratton, speech therapist, also contributed tremendously in providing for many students in need of speech therapy.

The Resource Class under the direction of Mrs. Frances LeBlanc enabled very slow and special students to progress at their own pace. Most of the students spent a portion of the day in a regular classroom and students who needed very special attention in particular major subject area were programmed into the Resource Class.

Our levels program was further developed in order to provide continuous educational advancement for each student from the school readiness program throughout the various learning levels leading to Junior and Senior High School.

Another of our goals is to develop better communication between parents and school. Parent-conferences were held in grades one through three and on a limited

basis at the intermediate levels. We further encourage all parents to visit our school at any time.

Again this year, the student achievement results from Science Research Associates indicate that our students are comparable to others on a national level. We are most pleased with this progress.

The progress achieved at North Londonderry School is due to everyone associated with this school. I am especially grateful to everyone on the professional staff for their outstanding cooperation. I am also grateful to the school librarian, teacher aides, custodial staff and the kitchen staff and especially to Mrs. Rita Demers, school secretary. All of these have a very important role in the operation of this school.

My thanks are also extended to Mr. Ellis, Superintendent and Mr. Mitchell, Assistant Superintendent and Mr. Larkin, Business Administrator for their cooperation.

A very special appreciation to the School Board and to the citizens of Londonderry for their interest and cooperation in providing quality education to the students of this community.

Respectfully submitted,

DONALD JOBIN

Principal

North Londonderry School

## REPORT OF THE GUIDANCE COUNSELOR

---

To the Superintendent of Schools, Members of the School Board and Citizens of Londonderry:

Counseling in Londonderry this year took many forms. Individual counseling of students, teachers and parents was well-established on a walk-in basis and demand made obvious for need.

Approximate figures follow: 100 individual and 12 groups of students counseled directly; 30 scheduled meetings with individual teachers and 18 with groups of teachers; 30 parent conferences and 8 home visits. Many more conferences were spontaneous and unscheduled. Some student-counselor concerns are school and social adjustment, emotional, personal, family, and learning problems, vocational and educational pursuits, testing and evaluation, and special education.

Several schools for special types of education were visited and meetings attended at community agencies which serve Londonderry children. The Manchester Vocational Rehabilitation Office is presently aiding five junior high school students by providing evaluation and training for work. Other agencies, such as Manchester Community Guidance, Easter Seal Rehabilitation, Child and Family Services, Catholic Charities, are utilized where needed. In some instances, private resources may be used, particularly in the area of testing and evaluation. Coordination of school and community efforts is the responsibility of the school counselor.

Testing and evaluation may be done for several reasons: to determine level placement or areas of strengths and weaknesses in order to better teach the child; for special education placement or programming; to locate psychological or emotional roadblocks to learning and school adjustment; to determine vocational abilities; to detect specific learning disabilities. This spring, 26 chil-

dren at North School and 14 junior high students were tested by an Assessment Specialist in order that we could provide the best placement for them. These children were either receiving some special education or were having some difficulty within the classroom.

At Central and North Schools several successful team meetings were held including principal, teachers, nurse, speech therapist, reading consultant and counselor for communication and discussion of common concerns. The voluntary cooperation and support of these people in all three schools have been invaluable to the effectiveness of the counseling program. In addition, during the spring term, two counseling interns from the University of New Hampshire assisted me at North School and at the Londonderry Junior High School. An unwieldy student load makes such assistance necessary.

Meetings were held at the Moore Center with Derry counselors to set up a program for children needing special training within the public schools. A Union-wide committee was established comprised of the Assistant Superintendent of Schools, Special Education teachers and counselors to initiate a coordinated program of Special Education, grades one through eight. In June, I participated in an Intensive Behavior Modification Workshop in Columbus, Ohio — an extremely rewarding experience.

The counseling program for 1973-1974 has been federally funded and I served on the Title I Advisory Board for parents. I look forward to serving the School District of Londonderry in 1973-1974 in a full-time effort to establish an efficient counseling program.

My sincere thanks to all school personnel for consistent cooperation and support.

TERRY MARCOPLOS,  
Director of Guidance and  
Counseling

## SCHOOL HEALTH REPORT

September, 1972 — June, 1973

### Reported Communicable Diseases:

Chicken pox	76	Strep Throat	45
Measles	24	Impetigo	17
Scarlet Fever	10	Whooping Cough	0
Mumps	12	German Measles	6

Following the announcement of a Measles Alert in New Hampshire by the Commissioners of Education and of Health and Welfare a measles survey was conducted in all our Londonderry Schools. A total of thirty-two students in the susceptible category were found.

A series of three Immunization Clinics were held under the direction of Ronald Gagne, M.D., Londonderry School Physician. The clinics were open to pre-school and school age children.

A total of 160 children received 362 immunizations.

120 children were registered for first grade. School entrance requirements this year state that a child must be six on or before September 30, 1973 to register for entrance into Londonderry Schools.

The Londonderry Lions Club sponsored the Pre-School Vision & Hearing Clinic for 4-6 year olds which was held in conjunction with school registration.

The Dental Clinic which is sponsored by the American Legion had a very successful year. Mrs. Barbara Coish, R.D.H. was our dental hygienist.

The Newcomers Club who purchased our Tuberculosis testing equipment last year has voted to purchase annually the vaccine needed to maintain a T.B. testing program in our schools.

A sincere thank you to the American Legion, Londonderry Lions Club and the Newcomers Club for their

active interest and support in the health of the Londonderry children.

We believe that only through the active and sincere efforts of the school, home and community can health be promoted; knowledge be extended; and attitudes and behavior of all students be positively directed.

Increasingly more awareness of students for the values of positive health in a healthful environment can stimulate a personal commitment to, and responsibility for, maintaining and improving the health of all people.

We would like to express our thanks to the superintendent, principals, teachers, and parents for their co-operation.

Respectfully submitted,

CLAIRE HUNTER, R.N.  
ARLENE EARLY, R.N.

## **SPEECH THERAPY PROGRAM**

### **Supervisory Union No. 10**

To the Superintendent of Schools and the members of the School Boards:

The Speech Therapy Program continued this year to serve ten schools in Auburn, Derry, and Londonderry through Title I funds. Mrs. Gail Kenney and Mrs. Deborah Gratton, Speech Therapists, provided diagnosis and therapy for 180 children. It was necessary to put those who couldn't be seen on a waiting list.

Each child was enrolled in the Program on the basis of one of the following reasons: 1) his speech problem was identified during a pre-school screening or a third-grade screening, 2) he was already enrolled in the Program from the previous year, or 3) he was referred by a teacher, a parent, or a member of the school staff. The types of problems that need to be remediated are: articulation disorders, voice disorders, auditory perception problems, stuttering, delayed speech and language development, language disorders, and speech problems associated with hearing impairments.

Orientation meetings were held in the Fall for parents of children in the Program. Communication with parents is considered an integral part of a child's speech progress. A meeting was also conducted with each school staff in September to describe the Therapy Program and to explain the referral procedure the staff was to use.

Several children in the Program were referred to Crotched Mountain School for diagnostic consultation. Others were referred to the Greater Manchester Easter Seals Center for reverse swallow therapy, and audiological testing. In a few cases, children were seen by a medical doctor for throat examinations. When advisable, a psychologist from the Easter Seals Center worked with the speech therapists in parent conferences.

Throughout the school year, each speech therapist was involved in several staff conferences of children whose needs were determined by observation and testing, and whose needs were met by recommendations and follow-up procedures. These staffings included the school nurse, principal, guidance counselor, learning disabilities tutor, classroom teacher, and remedial reading consultant along with the speech therapist.

Both therapists belong to the New Hampshire Speech and Hearing Association which sponsored two Special Study Institutes on "Voice Disorders" and "Public School Speech Therapy Programs." Mr. Bernard J. Ellis was able to attend the latter of the two Institutes as one of the Superintendents in the State representing his School Union. The Program Director was invited to present a lecture to the Derry Rotary Club on the Speech Therapy Program in Derry in December. Other professional improvement opportunities included a visit to the Speech and Hearing Clinic of the Lawrence General Hospital and the Laconia State School.

During the pre-school registration in each town, all entering first-graders were administered a speech and language test to determine if a problem existed. Parents were given booklets describing speech and language development and suggesting home activities.

A Summer Speech Clinic was held for four weeks in July. A speech therapist worked with school-age children who had already been receiving therapy during the school year, but needed continued help to maintain their progress. Two first-grade teachers and another speech therapist conducted group language activities for children selected from the pre-school registration.

A Title I Advisory Board consisted of parents and staff who helped effect changes in the program.

I wish to thank the Superintendent of Schools, School Board Members, Principals and their staffs, and the Sup-

plemental Services Team for their help and support for our Program. Special thanks go to Mrs. Kathy Copp who did so much to help by providing secretarial services.

Respectfully submitted,

MRS. DEBORAH GRATTON, Director  
Speech Therapy Program

## **SUMMARY OF FINDINGS**

### **SCHOOL BUILDING NEEDS COMMITTEE**

The purpose of this report is to summarize the findings of the School Building Needs Committee (SBNC). The SBNC was appointed by the Londonderry School Board; among its duties was the projection of school population growth, and the formulation of recommendations for a building program to house this projected school population. The SBNC was also requested to comment on the effect of the recommended building program on the school district bonded indebtedness limitations.

This report consists of three parts. The first part provides a summary of the projected student population growth figures as developed by the SBNC. A complete description of the derivation methods and supporting data related to the production of these figures is included in the full report to the Londonderry School Board from the SBNC. The second part summarizes two alternative concepts developed to illustrate the building program needed to house the projected student population of the Londonderry School District. The third part summarizes the projected funding impact on current bonding limitations. This projection is also described in detail in the full report of the SBNC.

#### **1. Projected Growth Figures**

Using the history of the elementary grade sizes for the past six years, a series of computer projections were made for class sizes expected during the next six school years in the elementary grades (1-8). Table 1 shows the results of these projections. To obtain projections for sizes of High School classes, the growth history of each current elementary grade was used to develop its size as it would enter and progress through High School through the 1979-1980 school year. Table 1 also shows the results of the high school projections.

Table 1: Londonderry School District Population Projections

	School Year					
Grade Level	1974-1975	1975-1976	1976-1977	1977-1978	1978-1979	1979-1980
1	260	310	339	368	397	427
2-8	1336	1462	1623	1794	1968	2173
High School	469	634	753	817	917	1014

Using a goal of 21 students per first grade room and 27 per grades 2-8, the minimum classroom needs of the elementary population shown on table 1 were calculated. For the high school, it was assumed that at least Phases I-IV as currently envisioned would be required to handle (and receive accreditation for) a four year High School program. Table 2 shows the results of these calculations.

\* Minimum Standards & Recommendations, State of N. H. January 1970.

Table 2: Projected Classroom Needs, Londonderry School District

	School Year					
Grade Level	1974-1975	1975-1976	1976-1977	1977-1978	1978-1979	1979-1980

2-8	49	54	60	66	73	81
TOTALS*	61	69	76	84	92	101

\* Plus Phases I-IV of High School when all classes are present.

## 2. Recommendations on Building Program

Using the figures of Table 1 and 2, the SBNC identified two potential alternatives for the School District, depending upon resolution of the current contract with Pinkerton Academy. The SBNC recommends that the Londonderry School Board adopt alternative #\_\_\_\_\_ if circumstances permit it. The two alternatives are:

a. **Alternative #1:**

Londonderry would withdraw one class per year from Pinkerton Academy starting in September 1975. This would mean that the last Londonderry class to graduate from Pinkerton Academy would do so in June, 1978 at the end of the current contract. In September, 1978, Londonderry would have all four classes in its own High School. Prior to this, Londonderry would have in its own High School: Freshmen starting September, 1975; Freshmen and Sophomores starting September, 1976; and Freshmen, Sophomores, and Juniors starting September, 1977. Table 3 shows the number of High School students to be handled each year under this alternative.

Table 3: High School Population, Alternative #1

Grade Level	1974-1975	1975-1976	1976-1977	1977-1978	1978-1979	1979-1980
No. of Students	.....	201	410	633	917	1014

This caused the following impact on school building needs:

(1) By September, 1974, the existing elementary school facilities will be crowded, but adequate. Completion of phase II early in 1975 provides relief to the crowding.

(2) By September, 1975, the demand for classrooms for the elementary students plus the ninth grade requires completion of a new elementary school having about 25 classrooms. With this new building, the facilities can serve the projected population.

(3) In order to prevent overcrowding of existing facilities, and to prove for orderly growth into a full high school capacity, Phase III should be completed by September, 1976 to permit handling of the two classes of

High School as well as all of the elementary school students.

(4) In September, 1977, a new school to house some of the middle grades should be completed. This new 25 room building would permit the sixth, seventh and eighth grades to be split away from the now three High School classes. This building will also provide some relief to the overcrowded elementary school facilities.

(5) In September, 1978, a new building, Phase IV, should be completed to enable the High School to receive at least provisional accreditation. The elementary and middle school facilities will be crowded and barely adequate to meet the projected student population.

(6) In September, 1979, Phase V should be completed so as to receive full accreditation for the High School. At the same time, the elementary middle school facilities are inadequate to handle the load. A preferred solution would be the completion of an approximately 15 room addition to the middle school to enable it to hold grades 5 through 8. A much less desirable alternative would be to put the eighth grade into the High School.

The following list summarizes the building needs for this alternative concept:

- (1) Phase II ready by early 1975 (as currently planned)
- (2) A 25 room elementary school ready by September, 1975
- (3) Phase III of the High School ready by September, 1976
- (4) A 25 room middle school ready by September, 1977
- (5) Phase IV of the High School ready by September, 1978
- (6) Phase V of the High School ready by September, 1979
- (7) A 15 room addition to the middle school ready by September 1979

Using very preliminary estimates of building costs, Table 4 is presented as a suggestion of a set of costs for this alternative (for comparison purposes only): The SBNC recommends a much more detailed study of costs be made for the School Board by people more knowledgeable of the school cost picture.

Table 4: Building Cost Estimates, Alternative #1

Building	Town Meeting/ Year of Bonding	Amount (\$Million)
25-Room Elementary	March, 1974	\$1.9
Phase III	March, 1975	\$1.5
25-Room Middle	March, 1976	\$2.1
Phase IV	March, 1977	\$1.2
Phase V	March, 1978	\$1.5
15-Room Addition	March, 1978	\$1.0

**b. Alternative #2**

Because of objections of Pinkerton Academy, the other four sending towns to Pinkerton, and/or the bonding bank, Londonderry is not permitted to withdraw its students one year at a time, but must send them until the end of the current contract in June, 1978. Therefore, Londonderry starts with a complete High School Program in September, 1978. This causes the following impact on school building needs:

- (1) By September, 1974, the existing elementary school facilities will be crowded, but adequate. Completion of Phase II early in 1975 provides relief to the crowding.
- (2) By September, 1975, the existing facilities plus Phase II will be crowded but adequate for that school year.
- (3) By September, 1976, a third elementary school will be needed. This would be a building of about 20 classrooms. This new school would make the School District population adequately housed through June, 1978. This is largely due to the absence of High School students and the use of Phase I and II as a middle school (grades 6-8).
- (4) In September, 1978, full high school activity begins. To receive a conditional accreditation, the SBNC

feels that at least phases III and IV must be completed by this date and phase V be under construction. In addition, to house those students in the middle school grades which were in Phases I and II the previous year, a new middle school building must be completed. This would be a building of about 40 classrooms plus the other facilities needed for a middle school.

- (5) In September, 1979, phase V would need to be ready for use to receive full High School accreditation. At this point, all current and recommended facilities would be full, or used to nominal capacity.

The following list summarizes the building needs for this alternative concept:

- (1) Phase II ready by early 1975 (as currently planned)
- (2) A 20 room elementary school ready by September, 1976
- (3) A 40 room middle school by September, 1978
- (4) Phases III and IV of the High School by September, 1978
- (5) Phase V of the High School by September, 1979

Using very preliminary estimates of building costs, Table 5 is presented as a suggestion of a set of costs for this alternative:

Table 5: Building Cost Estimates, Alternative #2

Building	Town Meeting/ Year of Bonding	Amount (\$Million)
29 Room Elementary	March, 1974	\$1.7
Part 1, Middle	March, 1975	\$1.6
Part 2, Middle	March, 1976	\$1.5
Phase III & IV	March, 1976	\$2.7
Phase V	March, 1977	\$1.5

### 3. Impact on Funding Limitations.

The SBNC has used the computerized methods which produced the school population figures to project the adjusted evaluation of the town period involved. From these figures, the amount of funds available under the

ceiling of bonded indebtedness was calculated. Current regulations limit school district bonded indebtedness to 7% of adjusted evaluation as figured by the State of N. H. every other year. A bill is pending in the legislature to allow Londonderry to raise the limitation to 9%. Table 6 presents amounts available compared with amounts required for alternatives 1 & 2.

Table 6: Funding Comparisons (in \$Million)

Year	<u>Available</u>		<u>Required</u>	
	7% Limitation	9% Limitation	Alternative #1 Total	Alternative #2 Total
1974& 1975	1.7	3.1	(3.4) 3.4	(3.3) 3.3
1976& 1977	3.8#	5.8#	(3.3) 6.7	(4.2) 7.5
1978& 1979	6.6*	9.4*	(2.5) 9.2	(1.5) 9.0

## REPORT OF THE HIGH SCHOOL BUILDING COMMITTEE

Starting the second phase of the High School building program with a new architect, Earl Flansburgh and Associates, a new Building Committee and new members on the School Board has inevitably involved all in a renewed evaluation of changing needs and program requirements.

The Building Committee has coordinated an effort of information gathering and decision making which in gen-

**LONDONDERRY HIGH SCHOOL MASTER PLAN**

eral has resulted in a radical redesign of the masterplan. Much of this effort was from inception hampered by a total lack of information pertinent to the existing building and the site in general.

Like so many sites in Londonderry finding a reasonable septic disposal area was a limiting constraint. Lack of residual information from Phase I required time and effort to establish a comprehensive site survey and topography as well as sufficient soils analysis.

The new Masterplan is generated from these new constraints. In addition it is sympathetic to new attitudes to accessibility for fire protection, to the continuity of this phase to future phases with special emphasis on costs, and to flexibility and expansion of all phases at minimum disruption and expense and finally to the compatibility of the building mass to the contours of the site. Fundamental to the design is a functional 'Street' which will extend to link with future phases.

Central to the issues facing the committee and the School Board has been the match of real square footage spacial demands of the Science, Math and Cafeteria addition to the budget. The use of open planning where appropriate, minimizing of circulation space, the efficient and effective selection of materials and furnishings combined with the choice of an inexpensive light steel and masonry framing system have provided a solution which respects our budget constraints. The emphasis will be utilitarian functionality.

Interior design, choice of materials and furnishings as well as color schemes have been coordinated with the architects' interiors department and one can expect to see the use of color and light to brighten the interior as well as the exterior.

It is noteworthy that the kitchen facility, which will account for a large portion of the cost, while capable of catering the full load of future phases will have, at no additional cost, the capacity to provide 1000 additional

hot lunches for our other schools. Much of the transferred equipment from these schools will help in a major savings in equipment cost in Phase II and the resulting centralization will, of course, reduce the staffing costs at these schools.

Special considerations have been given to the effective and thoughtful solutions to energy needs for this phase and anticipated additions. An energy feasibility study has been commissioned to provide information and a guide to installation and operating costs.

Because of the energy crisis and the resulting disarray of the building supply industry the reality of a late occupancy looms large. The industry anticipates unmanageable shortages and delays in a range of items which include fabricated steel, cement, glass and aluminum, mechanical and electrical supplies and even carpeting. Given these conditions it seems quite likely that such vital commodities as structural steel for the frame, for which delays of more than six months are expected, will have to be purchased prior to the completion of all working drawings and subsequent awarding of general contract.

The School Board is making contingency plans for the possible late completion which will inevitably result if predictions of a 25 % increase in construction scheduling become a reality. Construction is expected to start in the latter portion of March, weather permitting.

Finally, we feel we would be remiss if we failed to make some comments about the effective use of the very short planning period presently afforded to the Building and School Committees trying desperately for September occupancies. It is obvious now that only the very smallest of facilities can be constructed from March to September under the current and expected industry constraints. Building must commence routinely in the fall of the prior year. However, effective planning and design cannot be accomplished in the period from town meeting

to the fall without first having on hand all soils and disposal information, site surveys and topographies, preliminary State approvals for disposal and other relative information leading to a masterplan design where appropriate. This information is required in any event to establish a responsible budget figure to vote on.

We therefore advocate that the School Board should always be allowed to appropriate funds in the year prior to the vote on issuance of a bond to gather all required information to propose a budget to the Town which is adequately conceived. Such information will also provide the chosen architect with the wherewithal to considerably reduce the design time.

The committee will spend less than \$20,000 on consultants to provide masterplanning information. The investment of a similar amount prior to Phase I would have reaped a profitable gain today.

Respectfully submitted,

BRIAN PETTIGREW, Chairman  
High School Building Committee

## REPORT OF THE PINKERTON STUDY COMMITTEE

---

One of the actions taken at the 1973 School District Meeting was the establishment of a committee to determine the options for future matriculation of Londonderry high school students at Pinkerton Academy. The committee was appointed by the school district moderator and as of December, 1973, was composed of Messrs. William Merrill, Chairman, David Denninger, Chester Ham, Thomas Marshall, and representing the school board, Mr. Robert Carr.

During two meetings with the Pinkerton Academy Board of Trustees, it was determined that consistent with their stated desire to limit the growth of the Academy's student body to 2,000 pupils, they are desirous to proceed with the class by class phase out of Londonderry students as advocated in a letter from Mr. Bernard J. Ellis, Superintendent of Schools, to Mr. Wallace P. Mack, Chairman of the Pinkerton Academy Board of Trustees. This letter, dated May 19, 1971, informed the Board of Trustees of the Londonderry School Board's desire to hold the eighth grade of June 1975 in the Londonderry school system to eventually become the first graduating class from a Londonderry High School. This approach provides the students beginning their education at Pinkerton prior to June, 1975, would be allowed to complete their schooling there, and that new students moving into Londonderry would be allowed to enroll at Pinkerton Academy until a class had been established for them at Londonderry.

The Board of Trustees has offered to delay the start of this phase out program by one year if it is determined that this would be advantageous to Londonderry. Need-

less to say, any such phase out prior to 1978 constitutes a change of an existing contract with Pinkerton and as such would have to be approved by the school boards of the other sending towns and the bank involved.

Information gathered by this committee has been provided to the Londonderry School Board and the Building Needs Committee as it became available.

WILLIAM O. MERRILL, Chairman  
Pinkerton Academy Study  
Committee

**STATE OF NEW HAMPSHIRE**  
**Department of Revenue Administration**  
**Concord, 03301**

February 7, 1974

Londonderry School District  
Londonderry,  
New Hampshire 03053

Gentlemen:

Due to a workload in excess of the personnel resources available to this Division during the calendar year 1973, we have been unable to perform an examination and audit of the accounts and records of your School District for the fiscal year ended June 30, 1973 before the publication of the annual 1972-73 School District report.

We regret the inconvenience which this may cause and wish to assure you that an audit of your accounts will be scheduled as expeditiously as possible.

Our current projections provide that our next examination of your School District's records shall simultaneously cover both the fiscal year which ended June 30, 1973 and the current fiscal year ending June 30, 1974.

Should this arrangement prove to be unsatisfactory to your Board, steps should be taken to petition the 1974 School District Meeting for rescission of the previous vote of the School District requesting an audit by this Division, and to choose local auditors in accordance with the provisions of R.S.A. 197:14, which is quoted herewith:

"197:14 Officers To Be Chosen. The officers of every school district for which the law does not otherwise provide shall be a moderator, a clerk, a school board of three persons, a treasurer, one or more auditors and such other officers and agents as the voters may judge necessary for managing the district affairs; provided, however, that school districts requesting an audit by the municipal accounting

division of the state department of revenue administration shall not be required to choose auditors for the year covered by said audit."

It should be noted that the foregoing statute implies that such auditors shall be local residents.

We are pleased to inform you that the 1973 Legislature has authorized additional positions for our audit staff. It is therefore expected that annual audits in the future will be made on a more timely basis.

We appreciate your patience and understanding these circumstances.

Very truly yours,

FREDERICK E. LAPLANTE  
Director  
Division of Municipal Accounting  
Department of Revenue Administration
